### NEEWER TP09 50 cm carbon fiber mini tripod

The NEEWER TP09 is a compact carbon fiber mini tripod designed for mobile photography, vlogging, and video recording. Its lightweight construction makes it ideal for field work; when folded, it can serve as a comfortable handheld grip for filming or a selfie stick. With a maximum load capacity of 5 kg, it supports not only smartphones but also professional cameras and various accessories.

### Greater freedom in framing

The tripod is equipped with a metal ball head that allows for 360° rotation and 90° tilt, making it easy to quickly switch between portrait and landscape modes. The adjustable legs offer three different locking angles, allowing you to adapt the working height to any shot. Non-slip feet ensure stability when shooting on various surfaces.

## Wide device compatibility

The TP09 features a universal 1/4" thread, allowing you to attach DSLR cameras, smartphone mounts, action cameras, and other photography accessories. The kit includes an adjustable phone mount compatible with most modern smartphones. An integrated cold shoe mount enables the attachment of a microphone or LED light, making it easy to build a professional mobile recording setup.

## Bluetooth remote and easy transport

The included Bluetooth remote allows you to capture photos and start recordings from up to 10 meters away, adding convenience to solo shoots. When folded, the tripod is extremely compact and fits into the included carrying case, making it an excellent companion for trips, outdoor recordings, and professional sessions.
