Pagrindinės savybės

- ✓ Smart strip light LED
- ✓ Multi
- ✓ Wi-Fi/Bluetooth
- ✓ Black

Aprašymas

With the Govee H6098 Envisual TV Backlight, your movie experience will become more immersive than ever before. Immerse yourself in a dynamic play of lights that automatically adjust to what is being projected on your TV, creating a unique atmosphere in your living room.

Technology used Fish-eye Correction allows for precise colour reproduction and the elimination of image distortion. Thanks to this, the LED lighting perfectly reproduces the colours at the edges of the screen, creating the impression that the image extends beyond the TV. Your films and games will now look more realistic and dynamic!

The Govee H6098 stands out brightness of 30 LED/m, which ensures intense light and vivid colours. Compared to traditional LED strips, RGBWIC offers even greater colour accuracy. Your home cinema will take on a new glow with deep colours and dynamic light transitions.

Manage your lights without getting up from the couch thanks to voice control compatible with Alexa and Google Assistant, and the dedicated Govee Home app. The ability to personalise lighting effects, modes, brightness and sync with music makes every event more exciting. Create the perfect atmosphere with one voice command or a few clicks!

Techninė specifikacija

Features	
Type	Smart strip light
Interface	Wi-Fi/Bluetooth
Product colour	Black
Bulb type	LED
Light colour	Multi
Color Rendering Index (CRI)	80
Suitable location	Living room
Suitable for light type	Ambience
Suitable for indoor use	Yes
Performance	
Smartphone/tablet remote support	Yes
Works with Amazon Alexa	Yes
Works with the Google Assistant	Yes
Voice control	Yes
Power	
Energy efficiency class	G
Energy consumption per 1000 hours	2 kWh
Energy efficiency scale	A to G
Power consumption (typical)	2 W
Packaging data	
Package type	Hanging box
Packaging content	
Quantity per pack	1 pc(s)
