ASUS TUF Gaming VG34VQL1B: Ultra-Wide Performance for Immersive Gameplay

The ASUS TUF Gaming VG34VQL1B is a powerhouse 34-inch Ultra-Wide Quad HD (UWQHD) monitor designed for gamers seeking speed, immersion, and exceptional visual quality. Combining a blazing-fast 165Hz refresh rate with a deeply immersive 1500R curvature and advanced VA panel technology, this monitor delivers smooth, tear-free action in any genre.

Ultimate Immersion and Speed

The 34-inch screen boasts a native resolution of 3440 x 1440 pixels (21:9 aspect ratio), ensuring expansive visuals. The pronounced 1500R curvature wraps around your field of view, making every point on the screen equidistant from your eyes, significantly enhancing viewing comfort during extended use while minimizing distortion and color shift.

- **Super-Fast 165Hz Refresh Rate:** Provides fluid gameplay, eliminating lag and motion blur essential for competitive FPS, racing, and strategy games.
- **1ms Response Time (MPRT):** Ensures crystal-clear motion clarity, reacting instantly to on-screen action.
- **FreeSync Premium Support:** Synchronizes the GPU frame rate with the monitor's refresh rate, eliminating screen tearing and choppy frame rates.
- **Variable Overdrive:** Exclusive ASUS feature that fine-tunes OD levels dynamically, ensuring consistently smooth motion across a wide range of variable frame rates.

Optimized Visual Technologies

Equipped with DisplayHDR™ 400 certification, the VG34VQL1B delivers brighter whites and deeper blacks for superior contrast and highly detailed imagery. The monitor includes multiple HDR modes, allowing you to tailor performance based on the specific content you are viewing.

- **ASUS Shadow Boost:** Clarifies dark areas of the game without overexposing bright areas, making it easier to spot enemies lurking in the shadows.

- **GameVisual & GamePlus:** Provides seven pre-set display modes (via GameVisual) and in-game enhancements like crosshairs, timers, and FPS counters (via GamePlus hotkey).
- **Eye Care Features:** Flicker-Free technology and Ultra-Low Blue Light technology minimize eye strain during marathon gaming sessions.

Connectivity and Ergonomics

The TUF Gaming VG34VQL1B offers robust connectivity options to accommodate all your peripherals and consoles, including two DisplayPort 1.4 inputs, two HDMI (V2.0) ports, a built-in USB hub, and a 3.5 mm earphone jack. The ergonomic stand supports tilt, swivel, and height adjustments, allowing you to achieve the perfect viewing angle. It is also VESA-compatible for wall mounting.

ASUS is a world-renowned technology leader known for producing high-quality computer hardware and peripherals, including the durable and performance-focused TUF Gaming line.

Order this premium gaming monitor today from ++SHOP++ and elevate your gaming experience with unparalleled speed and immersion.

All the Essentials for Smooth Gaming

TUF Gaming VG34VQL1B is a 34-inch UWQHD (3440 x 1440) HDR 21:9 display with an ultrafast 165Hz refresh rate. Designed for gamers and others seeking immersive gameplay, it offers some serious specs. But there's more ...

TUF Gaming VG34VQL1B also features exclusive Variable Overdrive fine-tuned the OD levels, making motion look more consistently at a wider range of variable framerates.

Ultra-wide immersive curvature

The 34-inch UWQHD (3440 X 1440) panel of TUF Gaming VG34VQL1B delivers stunning visuals from all angles with an 1500R curvature that ensures every point is equidistant to your eyes. This contributes to greater viewing comfort — even during extended use —and lets you enjoy a wide viewing angle with less distortion and color shift when gaming and watching movies

Super-fast 165Hz* refresh rate

An impressive 165Hz* refresh rate eliminates lag and motion blur to give you the upper hand in first-person shooter, racing, real-time strategy, and sports titles. This ultrafast refresh rate lets you play

at the highest visual settings and react instantly to what's onscreen.

*Select graphics cards/GPUs can support 165Hz graphics source output (via DisplayPort). Please note that overclocking function/performance depends on the GPU or content displayed. Actual real-world performance is hardware-dependent.

Brighter HDR visuals

TUF Gaming VG34VQL1B features DisplayHDR™ 400 to provide smoother and finer contrast between the brightest and darkest areas of the screen. It also delivers an impressive peak luminance of 400 nits to enable brighter imagery.

Multi-HDR mode

Two HDR modes allow you to adjust the monitor's HDR performance based on the current viewing scenario.

Intuitive controls

ASUS DisplayWidget Lite is a software utility that lets you easily and quickly tweak settings or configure ASUS-exclusive features such as Shadow Boost, ASUS GameVisual, and more.

See what's lurking in the shadows

ASUS Shadow Boost technology clarifies dark areas of the game without overexposing brighter areas, improving overall viewing while also making it easier to spot enemies hidden in dark areas of the map.

GamePlus

The ASUS-exclusive, integrated GamePlus hotkey offers in-game enhancements that help you get more out of your game. This function is co-developed with input from pro gamers, allowing them to practice and improve their gaming skills.

GameVisual

ASUS GameVisual Technology has seven pre-set display modes to optimize visuals for different types of content. This unique feature can be easily accessed through a hotkey or the on-screen display settings menu

Flicker-Free technology

Pateikta prekės informacija yra orientacinio pobūdžio. Techninės savybės, nuotraukos, aprašymai ir kaina gali keistis be išankstinio perspėjimo. Gamintojas ir pardavėjas neatsako už galimus duomenų neatitikimus ar tipografines klaidas. Prieš įsigyjant rekomenduojame pasitikrinti aktualią informaciją.

Flicker-Free technology reduces flicker to minimize eyestrain for improved comfort when you're embroiled in long gaming sessions.

Ultra-Low Blue Light technology

ASUS Ultra-Low Blue Light technology reduces the amount of potentially harmful blue light emitted by the display. Four different filter settings are available to control the amount of blue light reduction.

Rich connectivity

Enjoy extensive connectivity options, including two DisplayPort 1.4, two HDMI (V2.0), USB hub and a 3.5 mm earphone jack for connecting to a wide range of multimedia devices.

Ergonomic design

With an ergonomically-designed stand, TUF Gaming VG34VQL1B provides tilt, swivel, and height adjustments so you can easily find your ideal viewing position. The display is also VESA-compatible for wall mounting.
