The Logitech MX Master 4 for Mac offers a blend of precision and comfort for productivity. Equipped with a 500 mAh lithium polymer battery, this wireless mouse ensures you stay powered throughout the day. The advanced Logitech Darkfield Laser Tracking allows for smooth navigation on various surfaces, including glass, while haptic feedback enhances the user experience. With a movement resolution adjustable from 200 to 8000 DPI, users can enjoy real-time sensitivity switching tailored to their tasks. Designed for versatility, it features eight buttons, including a thumb wheel for horizontal scrolling and an actions ring for customizable functions. Its ergonomic design provides a comfortable grip, and Quiet Clicks technology minimizes noise during usage. With a maximum operating distance of 10 m, the MX Master 4 for Mac connects wirelessly via Bluetooth or a USB receiver, ensuring reliable performance. Made with 48% recycled content, this mouse reflects a commitment to sustainability, making it a choice for those looking to enhance their workspace while being mindful of the environment.
