SWITCHBOT Floor Lamp RGBICWW

The SwitchBot RGBICWW Floor Lamp is a smart floor lamp that uses RGBIC technology with RGB, Cool White, and Warm White LEDs, allowing you to create exactly the atmosphere you need. It offers over 16 million colors, brightness adjustment ranging from 1% to 100%, and the ability to smoothly transition white light from cool to warm. Thanks to its Matter certification, it seamlessly integrates with the most popular smart home systems, providing convenient control and extensive automation capabilities.

Spectacular RGBIC lighting effects

An advanced IC chip enables the simultaneous display of multiple colors across different lighting segments. As a result, the lamp creates dynamic and multi-layered visual effects, such as smooth color transitions, flashing, and a light chase effect. Users have access to as many as 26 pre-set segment scenes, allowing them to quickly adjust the lighting to match their mood, the occasion, or

the interior design.

Convenient Control in a Smart Home

Matter certification ensures broad compatibility with popular platforms such as Apple Home, Siri Shortcuts, Amazon Alexa, Google Home, Home Assistant, IFTTT, and Samsung SmartThings. This allows you to control the lighting using voice commands, an app, or automated scenarios, integrating the lamp with other devices in your home.

Suitable for Various Spaces

The lamp stands out for its flexible mounting and positioning options. It can be placed upright or laid flat, making it easy to arrange even in narrow spaces. It's perfect for the living room next to the sofa, in a corner of the room, in the bedroom under the bed, behind the TV, in a gallery corner, or inside display cases and cabinets.

Smart Scenes and Automations

The SwitchBot RGBWW Floor Lamp can be integrated into complex smart home scenes. When paired with other SwitchBot devices, it allows you to trigger a movie scene with a single tap, automatically turning on the TV and dynamic lighting. It can also work with a motion sensor to gently dim the light to 30% when you get up at night, increasing comfort and safety when moving around the house.

Included in the set

- Lamp post
- Lamp base
- Controller
- Power cord
- Power adapter
- Stand for horizontal mounting
- End cap (used for horizontal placement)
