

Sznur LED smart SWITCHBOT Neon Wire Rope Light

Modelis: W1702107

Gamintojas: SWITCHBOT

EAN: 810150549812

Prekės kodas: 568459

85.99€

SWITCHBOT Neon Wire Rope Light Smart LED Strip

The SwitchBot RGBIC Neon Rope Light is a 5-meter-long smart neon strip that combines Matter certification, RGBIC technology, and a density of 108 LEDs per meter to provide smooth and striking decorative lighting. It offers 26 preset lighting effects, 48 W of power, and the ability to control individual light segments. Thanks to its compatibility with Apple Home, Amazon Alexa, Google Assistant, Samsung SmartThings, Siri Shortcuts, and IFTTT, you can conveniently control the lighting by voice or using the SwitchBot app.

Smooth light without visible dots

A thick silicone cover evenly diffuses the light, eliminating the effect of visible LED dots and ensuring a uniform light line. The high density of LEDs ensures smooth transitions between colors, and the

lighting effects look aesthetically pleasing on walls, furniture, and gaming setups alike. The flexible design allows you to freely shape the strip and create your own lighting decorations.

Multicolored RGBIC effects and music synchronization

The use of IC chips enables the display of multiple colors simultaneously across different sections of the strip. Users can customize colors, patterns, and animation speed, as well as choose from 26 preset lighting scenes. A built-in microphone further synchronizes the lighting with music, movies, and games, allowing the light to dynamically respond to the rhythm and sounds of the environment.

Smart Control and Integration with the SwitchBot Ecosystem

Support for the Matter standard makes it easy to integrate the strip into your existing smart home system. You can control the lighting using the SwitchBot app or voice commands issued by compatible voice assistants. The strip also works with other SwitchBot devices, allowing you to create automations and complex lighting scenarios throughout your home.

Easy installation and long lifespan

Installation is made easy with the included mounting clips and 3M adhesive tape, which allow you to securely mount the strip in your chosen location. With a long lifespan of 25,000 hours, the strip can serve as striking decorative lighting for a long time. The 110–240 V AC power supply ensures broad compatibility with home electrical systems.

Included

- Light strip (2 m) × 1
- Mounting bracket (with screws) × 6
- Controller × 1
- Power adapter × 1
