Aprašymas

DJI Osmo Action 4 GPS Bluetooth Remote Controller

Create even more interesting video materials. The DJI remote controller was created with the DJI Osmo Action 4 camera in mind and has a built-in GPS module. This means that it can record data such as speed or distance traveled, and then integrate it with your videos in the DJI Mimo app. It's a great way to create interesting shots! The device is very lightweight (26 g) and compact (40.45 x 38.6 x 19.9 mm), and thanks to the straps included in the set, you can wear it on your wrist or attach it to your bike handlebars. The remote controller is also IPX7 waterproof, so you can use it in the rain without worry.

In the box

- DJI Osmo Action 4 GPS Bluetooth Remote Controller
- Long strap for the remote controller
- Short strap for the remote controller

Brand	DJI
