NeeWER Teleprompter

The NEEWER X14 PRO Teleprompter is a versatile device designed for content creators, presenters, online teachers and anyone who needs to read text directly in front of the camera. Thanks to its compact folding design, the teleprompter is ready to use right out of the box, with no assembly required. Just mount it on a tripod, connect your camera and tablet or smartphone, and you're ready to go.

Hassle-free operation with the RT-110 app and remote control

The NEEWER X14 PRO Teleprompter comes with an RT-110 remote control that connects to your smartphone via the NEEWER Teleprompter App (compatible with iOS 11.0/Android 6.0 or later). With this remote control, you can easily control text scrolling, change speed, pause, resume, and turn pages with a single click. Note: The remote control must be connected via the app, not directly via Bluetooth.

High image quality

The teleprompter is equipped with a 14-inch high quality transparent beamsplitter glass with a light transmission rate of 75%, which clearly reflects text for smooth reading from up to 3 meters away. The adjustable angle of the glass (135°) allows for a perfect fit to your needs.

Wide compatibility

The NEEWER X14 PRO is compatible with a wide range of devices, including DSLR cameras, mirrorless cameras and camcorders. The tablet mount expands to 22.1 cm, allowing it to hold devices such as the 12.9" iPad Pro, iPad mini and most Android tablets. In addition, two cold feet and 1/4" threads on the sides make it easy to attach microphones, LED lights and other accessories.

Stability and durability in a lightweight package

Made of lightweight but durable aluminum alloy, the NEEWER X14 PRO teleprompter provides a stable mount for your camera and accessories, even during heavy use. Integrated 1/4" and 3/8" tripod mounts ensure secure attachment to tripods for stable video recording.

Included

- 1x Neewer teleprompter
- 1x RT-110 remote control
- 1x Aluminum carrying case
- 1x Glass cleaning cloth
