Aprašymas

Very Slim

Carrying around lots of data has never been this hassle-free. Measuring in at just 10.7mm thick, the 1TB and 2TB HV320 slip easily into your back pocket.

Eye-Catching Design

The HV320's front cover features an elegant hairline-brushed finish that is pleasing to the eyes and has a nice tactile feel. Combined with an understated glossy frame, this HDD is a real looker. The HV320 comes in your choice of black, white, or blue.

Plenty of Storage Space

In an age of 4K video and other high-resolution content, GBs just don't cut it anymore. Luckily, the HV320 comes with up to 5TB of storage capacity

Shock Sensors

Dropping or bumping an HDD can result in errors and bad sectors. The HV320 features shock sensors that notify you when impact or shaking has been detected with a red indicator light.

Your Data Is Safe with AES Encryption

AES 256-bit encryption keeps the data inside password-protected and away from prying eyes.
