Aprašymas

BOBOVR C3 case for Meta Quest 3 VR goggles

The BOBOVR C3 Case is dedicated to Meta Quest 3 users who are looking for a way to provide protection for their goggles. Thanks to the use of tempered material with a thickness of 6 mm and hardness of HRC 80, the accessory is more resistant and flexible than most solutions available on the market. A covering of durable Dragon Dance material guarantees protection against abrasion.

Convenience of use

Enjoy convenient access to your goggles without having to open the entire case. Reducing the height to 105 mm allows you to use your equipment comfortably and keeps your desk tidy.

Surprising capacity

The C3 case provides enough space to accommodate the Meta Quest 3 goggles with S3 Pro strap, as well as key accessories such as controllers with grips and a docking station. In addition, a mesh zippered pouch is included, ideal for storing smaller items such as chargers and cables for easy organization and quick access to needed items.

Reliable on the go

Thanks to a detachable shoulder strap, the C3 case can be used both as a briefcase and a shoulder bag. Now you can comfortably carry the equipment you need without worrying about its safety.

- Case
- Mesh zipper bag
