native) on an Ultra-Fast TN eSports panel, ensuring visuals are incredibly fluid and responsive.

Experience gaming where every movement is instantaneous. With an ultra-low 0.3ms MPRT (Moving Picture Response Time) and minimal input lag, the CS24A ensures you can react faster than the competition. Utilize the dedicated game-changing CS Mode to optimize visual settings specifically for high-stakes competitive play.

Performance Redefined for eSports Supremacy:

- **Extreme Speed:** Enjoy an unbelievable 610Hz refresh rate (OC) for unparalleled motion clarity, a necessity for professional-level eSports.
- **Instant Reaction:** Achieve lightning-fast pixel transitions with 0.3ms MPRT response time, eliminating ghosting and motion blur.
- **Ultra-Fast TN Panel:** Specifically selected for competitive gaming, this 24.1-inch Full HD (1920x1080) panel delivers the speed required for split-second decisions.
- **Adaptive Sync Technology:** Ensures tear-free, smooth gameplay by synchronizing the monitor's refresh rate with your GPU (G-Sync compatible).

Advanced Connectivity and Ergonomics

The CS24A is built to support modern gaming setups, featuring two HDMI 2.1 ports and a DisplayPort 1.4 connection. Visual fidelity is enhanced with HDR400 support, providing superior contrast and color depth. Designed for prolonged battle comfort, the monitor includes a fully ergonomic stand allowing for height, tilt, and swivel adjustments. Complete your high-octane setup with bold, customizable RGB Light FX on the back.

Manage your settings quickly and efficiently using the G-Menu control system, making optimization simple so you can focus entirely on domination.

AOC (Admiral Overseas Corporation) is a globally recognized brand specializing in high-quality display technology, known for providing cutting-edge monitors tailored specifically for professional gamers and demanding users across the eSports landscape.
