Pagrindinės savybės

- ✓ Classic Anime Design: Inspired by Neon Genesis Evangelion (EVA), these lights invoke the style of classic anime garage kits to meticulously reproduce the experience of a world battling Angels in Tokyo-3.
- ✓ Packed Full of Details: Features a purple & green EVA-01 armor color scheme, futuristic elevated diffused strips reminiscent of Tokyo-3, angular protective A.T. Field cover, and a variety of hidden design cues.
- ✓ Translucent Faceplate Craftsmanship: Uses a special In-Molding Label (IML) printing process and one-piece molded hot stamping tech for creating intricate surface textures and colorful A.T. Field effects.
- ✓ Swappable Faceplate: The translucent faceplate is replaceable, and also swappable with other available Gaming Wall Light faceplate designs.
- ✓ Dual-layered Construction: A backlit translucent faceplate and elevated strip of diffused light provide a stereoscopic dimensional effect for futuristic immersive lighting from any perspective.
- ✓ Exclusive EVA RGBIC Lighting Effects: Discover 8 exclusive effects customized to match the colors of NERV's three Evangelion mechas, for an authentic combat experience for fans of the anime.
- ✓ High-Level DIY Customization: Faceplate + light lines for dynamic personalization, plus 16 million colors to explore your favorite characters, like EVA-01's purple & green, Naruto's red-orange, and Pikachu's electric yellow.
- ✓ Shape Your Environment: Two included connector types allow up to 12 lighting segments to be connected, for creating a variety of shapes that symbolize the Lance of Longinus, A.T. Field, the Lilith, and more.
- ✓ Sci-fi-like Smart Control: Control remotely from anywhere in the world via Govee Home App, using a variety of third-party ecosystems via Matter, or with voice via Alexa or Google Assistant.
