The TEQCYCLE Lenovo T14 G3 offers a powerful Intel Core i5 processor and ample RAM for efficient multitasking, combined with a fast SSD for quick boot-up and loading times. Its 14-inch Full HD display provides clear visuals, while the inclusion of Windows 11 Pro ensures a modern and secure user experience. With multiple connectivity options, including Thunderbolt 4, this laptop is versatile for various professional needs. TEQCYCLE is dedicated to providing high-quality, renewed technology, making sustainability accessible without compromising on user experience or performance. It's an ideal choice for environmentally conscious individuals and organizations seeking reliable and value-driven computing solutions.

We offer premium renewed tech to help organizations and people make better choices for a more sustainable future. From the very beginning, our focus has been on product quality – because quality is the key to making pre-owned tech the new norm. Real change happens when renewed devices deliver a great user experience at a competitive price, with a reduced environmental impact.

A near-new laptop with a clean, high-quality appearance – ideal for users who want excellent visual condition and performance at great value. It delivers an “almost new” impression, with the top cover or palm rest refreshed to look close to new. No marks or wear are visible on the screen or palm rest, keeping the most used areas looking like new. Every unit is carefully selected, fully tested, and professionally refurbished to meet strict standards for reliable everyday performance. Premium includes a 2-year warranty, with an option to upgrade, giving you a more sustainable and worry-free choice.
