Aprašymas

Visualize your victory with MSI G32C4X Curved Gaming™ monitor. Equipped with a 1920x1080, 250hz Refresh rate, 1ms response time panel, G32C4X will give you the competitive edge you need to take down your opponents. Built with AMD FreeSync Premium, G32C4X can match the display's refresh rate with your GPU for ultra-smooth gameplay. Make sure you can hit your mark with all the latest technologies built-in the MSI Curved Gaming™ monitor for competitive play.

250HZ REFRESH RATE +
1MS RESPONSE TIME
MSI monitors are equipped with a 250hz refresh rate + 1ms response time VA LED panel which has the most benefit in fast moving game genres such as first person shooters, fighters, racing sims, real-time strategy, and sports. These type of games require very fast and precise movements, which an ultra-high refresh rate and fast response time monitor will put you ahead of your competition.

FROM EDGE TO EDGE

With a super narrow bezel, enjoy the best immersion possible in the latest games with a multi-monitor 180 degree setup. Enjoy better continuity between screens while playing games, working, or general computing.

HDR TEAR FREE, STUTTER FREE, FLUID GAMING

Gaming shouldn't be a choice between choppy gameplay or broken frames. With MSI series gaming monitors, it doesn't have to be. Get fluid, artifact-free performance at virtually any framerate with AMD FreeSync™ technology.

SMART CROSS HAIR

The aim dot automatically changes color, making it visible at any time. If the color of the aim dot overlaps with the background color, it will be problematic for aiming.

ANTI-FLICKER
TECHNOLOGY
Generic monitor displays normally have a flicker-rate of about 200-times per second, which is unnoticeable to the naked eye, but can cause fatigue over time. MSI Anti-Flicker technology provides a very comfortable viewing experience by reducing the amount of flicker.

BLUE LIGHT REDUCTION

MSI Gaming monitors are optimized to produce less amount of blue light displayed by the monitor, so that you can game for longer periods of time without eye-fatigue.

178 DEGREES OF
WIDE VIEWING ANGLE
By having a large viewing angle, MSI gaming monitors has more leeway for placing your monitor in your setup without giving up the optimal viewing experience. Colors and details will stay sharp at more angles compared to other monitors with less viewing angles.

NIGHT VISION

Pateikta prekės informacija yra orientacinio pobūdžio. Techninės savybės, nuotraukos, aprašymai ir kaina gali keistis be išankstinio perspėjimo. Gamintojas ir pardavėjas neatsako už galimus duomenų neatitikimus ar tipografines klaidas. Prieš įsigyjant rekomenduojame pasitikrinti aktualią informaciją.

Whether your entire screen is dark, or just a few portions have heavy shadows. Let the world's first smart black tuner brighten your day by bringing out the fine details in dark areas.

TRUE COLOR

The MSI Gaming Monitor has more gamut coverage compared to general monitors. Gameplay colors and details will look more realistic and refined, to push immersion to its limits.

THE MOST
VIVID DISPLAY
MSI gaming monitor is equipped with HDR technology that can produce images with more details, wider range of colors, and look more similar to what is seen by the human eye when compared to traditional monitor.

Windows 11 Auto HDR supported, please check below link to learn more about Auto HDR and how to enable.

Techninė specifikacija

Display	
Display diagonal	80 cm (31.5")
Display resolution	1920 x 1080 pixels
Native aspect ratio	16:9
Touchscreen	No
HD type	Full HD
Panel type	VA
Response time	1 ms
Screen shape	Curved
Contrast ratio (typical)	3000:1
Maximum refresh rate	250 Hz
Display brightness (typical)	300 cd/m²
Screen curvature rating	1500R
Supported graphics resolutions	1920 x 1080 (HD 1080)
Aspect ratio	16:9
Contrast ratio (dynamic)	100000000:1
Viewing angle, horizontal	178°
Viewing angle, vertical	178°
Pixel pitch	0.36375 x 0.36375 mm
Horizontal scan range	242 - 277 kHz
Vertical scan range	96 - 250 Hz
Viewable size, horizontal	69.8 cm
Viewable size, vertical	39.3 cm
Display diagonal (metric)	80 cm
