standards. The bracket is suitable for monitors with a screen diagonal up to 27" and the VESA standards 100x100 and 75x75. It is important that the monitor should not exceed a maximum weight of 6.5 kg. The wall desk mount allows the IB-MS303-T to be attached to desks. The ingenious design ensures a uniformly distributed weight and firm hold on the desk. No matter how you like to work - the different joints can be moved in many angles. This allows the monitor to be aligned exactly as required. A full rotation of 360° is possible, just like adjusting the height, inclination or distance to the wall. | Paper/Pasteboard: 1290.00 | Embedded battery: No | WEEE tax: No | Palette Qty: 114 | Producer: Raidsonic | Warranty: 24
