Aprašymas

Experience the long-awaited Naruto Shippuden encounter with the mouse by Lexip x Tsume.

It features the hero's eye, backlit and wrapped in the patterns of his signature energy, as well as a detailed sculpture of the weapon he will choose at the most crucial moment.

Lexip x Tsume mice feature two flagship technologies: extremely comfortable ceramic glides and a thumb joystick for more pleasant navigation and play, configurable with dedicated software.

The mouse's gliding experience is at its best when combined with the mat, whose surface has been designed in conjunction with the mouse's ceramic glides.

The Lexip x Tsume limited series equips the Pixminds Valiant team, French Valorant champions and world No. 3 on Fortnite.

Contents: Mouse, Certificate of authenticity, Word from the creators, Documentation.
