The PIXMINDS Lexip USB cable is designed for those who seek reliable connectivity options. This versatile I/O cable features a 4-pin USB Type-A male connector on one end, making it compatible with a wide range of devices. On the other end, it offers two 5-pin Micro-USB Type-B male connectors, tailored for seamless data transfer and charging capabilities. Ideal for both home and office use, this USB cable ensures that devices remain connected and powered efficiently, serving as an essential accessory for everyday needs.
