157.99€

The NZXT H6 Flow RGB mid-tower system cabinet combines functionality with style, making it a suitable choice for gamers and professionals. This chassis supports a wide range of motherboards from ATX to Mini-ITX, and is equipped with RGB fans that not only enhance its aesthetic appeal but also contribute to its efficient cooling system. With a maximum CPU cooler height of 163 mm and video card length up to 365 mm, it accommodates high-performance components with ease. The inclusion of USB 3.2 Gen 1 and USB-C 3.2 Gen 2 connectors on the front panel ensures you have quick access to high-speed connectivity for all your devices. Additionally, its toolless design and comprehensive dust filtration system simplify maintenance while keeping your system clean and running smoothly. Whether you're building a gaming rig or a professional workstation, the NZXT H6 Flow RGB offers the versatility, cooling efficiency, and sleek design you need.
