

Graphics Card Sparkle Intel Arc A380 ELF 6 GB GDDR6, Compact Design, PCIe 4.0, 8K Support

Modelis: SA380E-6G

Gamintojas: INTEL

EAN: 4711342290139

Prekės kodas: 579805

242.99€

Sparkle Intel Arc A380 ELF 6 GB GDDR6 Graphics Card

The Sparkle Intel Arc A380 ELF is engineered for users seeking powerful performance in a highly compact form factor. This single-fan (ELF) design makes it ideal for small form factor (SFF) builds, providing entry-level gaming capabilities, smooth media playback, and content creation tools powered by the advanced Intel Arc A380 graphics processor.

Optimized Performance and Architecture

Equipped with 6 GB of high-speed GDDR6 memory running on a 96-bit memory bus, the Arc A380 delivers a maximum memory bandwidth of 186 GB/s and a data transfer rate of 15.5 Gbit/s. The processor operates at a boost frequency of 2000 MHz, ensuring reliable performance across modern applications and games.

- **Ray Tracing Support:** Experience more realistic lighting and shadows thanks to dedicated Ray Tracing hardware (8 Processor cores).
- **DirectX 12 Ultimate:** Fully supports the latest graphical APIs, including DirectX 12 Ultimate, OpenGL 4.6, and OpenCL 3.0, ensuring compatibility with cutting-edge software.
- **PCI Express 4.0 Interface:** Connects via the efficient PCI Express x8 4.0 interface, maximizing data transfer speeds between the GPU and the system.
- **Compact Active Cooling:** Features a highly efficient single-fan cooling system (Active cooling type) designed to fit into tight spaces (Depth: 100 mm; Height: 35.7 mm).

Future-Ready Connectivity

This graphics card is built for high-resolution displays, supporting a maximum resolution of 7680 x 4320 pixels (8K support). Connectivity options include three DisplayPorts (version 2.0) and one HDMI port (version 2.0b), allowing you to connect multiple displays for an expansive workflow.

- Maximum resolution: 7680 x 4320 pixels (8K).
- DisplayPorts quantity: 3 (version 2.0).
- HDMI ports quantity: 1 (version 2.0b).
- Low Power Requirement: Requires a minimum system power supply of just 350 W.

SPARKLE is renowned for manufacturing reliable and high-performance components, delivering innovation in graphics card technology based on the latest Intel Arc architecture.

Order the compact Sparkle Intel Arc A380 ELF graphics card today from ++SHOP++ and enhance your system's visual power.

Graphics processor: Arc A380 ELF | Number of fans: 1 fan(s) | Dual Link DVI: No | Graphics card memory type: GDDR6 | Product colour: Black | OpenGL version: 4.6 | Interface type: PCI Express x8
