convertible and ultra-light laptop users, in particular, who were accustomed to the multiple terabytes of storage common on larger laptops will appreciate cards enabling more private physical storage.

Space for Massive Media Collections

With capacities of up to 1.5TB, you can capture and store even more hours of Full HD video on the card and still have room for your favorite streaming services' movie downloads, plus music, games, photos, and podcasts.

Transfer Speeds of up to 150MB/s

Blazing transfer speeds lets you offload cards fast. Use with the SanDisk® MobileMate® USB 3.0 microSD™ card reader to achieve up to 150MB/s speeds.

Load Apps Faster with A1-Rated Performance

Rated A1, the SanDisk Ultra® microSD™ card is optimized for apps usage. It delivers faster app launch and overall app usage performance that in turn provides a better smartphone experience.

Manage Your Content in One Location

Available from the Google Play™ store, the SanDisk® Memory Zone™ app helps you find photos and videos by location or timeline. It automatically backs up your photos, videos, social media accounts and contacts. It will help clean up WhatsApp media downloads and move content from your phone to your memory card to help free up space.

Extensively Tested; Built to Last

SanDisk® cards are tested with thousands of devices to ensure they work flawlessly with any compatible product. Proprietary Flash Management techniques help deliver industry leading in-house produced NAND. SanDisk Ultra® microSD™ UHS-I cards are backed by a 10-year limited warranty.
