monitor utilizes advanced IPS panel technology, guaranteeing superior color accuracy and extremely wide 178° viewing angles, crucial for maintaining consistency across intense sessions. Step up your game with fluid motion and instant responsiveness.

Optimized Performance for Gaming

- **100Hz Refresh Rate:** Experience significantly smoother gameplay compared to standard 60Hz monitors, allowing for quicker reaction times and clearer visual transitions.
- **1ms MPRT Response Time:** Eliminates ghosting and smearing, ensuring crystal-clear images even in fast-paced action sequences like FPS or racing games.
- **IPS Panel Technology:** Delivers vibrant colors and consistent brightness, perfect for both competitive gaming and multimedia consumption.
- **Black Tuner Function:** Gives you control over visibility in dark areas, enhancing detail and allowing you to spot enemies hiding in the shadows before they spot you.

Connectivity and Design

The G2245HSU-B2 Black Hawk is designed for convenience, incorporating essential features that simplify your setup:

- **Built-in USB Hub (v2.0):** Connect peripherals directly to your monitor, keeping your desk clutter-free and improving accessibility.
- **Integrated Speakers:** Provides quality stereo sound for alerts, media playback, or casual gaming without requiring external devices.
- **VESA Mounting Support:** Easily integrate the monitor into multi-display setups or mount it on a wall/arm for optimal ergonomic positioning.
- **Anti-Glare Surface:** The matt display surface minimizes reflections from ambient light, reducing eye strain during long gaming marathons.

IYAMA is a globally respected manufacturer renowned for producing high-quality display solutions, ranging from professional desktop monitors to cutting-edge gaming displays. Their G-Master series is specifically designed to meet the rigorous demands of esports and enthusiast gamers.

Order your Black Hawk monitor today from ++SHOP++ and experience the perfect blend of performance and visual excellence.
