Iiyama ProLite T2752MSC-B1AG 27" Touchscreen LCD Monitor

The Iiyama ProLite T2752MSC-B1AG is a 27-inch Full HD (1920x1080) monitor that utilizes IPS panel technology to deliver exceptional colors and wide viewing angles. Featuring Optical Bonded Projective Capacitive (PCAP) 10-point touch technology, this monitor ensures a seamless and accurate touch response while reducing light reflection. It's designed to withstand humidity and potential moisture.

The ProLite T2752MSC-B1AG with its Full HD (1920x1080) resolution and with IPS panel technology offers exceptional colors and wide viewing angles. The Optical Bonded Projective Capacitive (PCAP) 10-point touch technology ensures a seamless and accurate touch response and a lower light reflection, in addition, the display is protected against humidity and potential moisture development. A special Nano coating ensures a smoother touch and less resistance in the swipe. It makes the screen less static and susceptible to dirt, dust and fingerprints. The flexible stand can be positioned at several angles creating a comfortable and ergonomic user experience and the integrated cable management system hides all the cables and electrical wires giving a neat and cable-free workspace. The Anti Glare coating helps to avoid issues with reflections and external light sources affecting colour reproduction, contrast and sharpness. A perfect choice for a vast array of applications.
