Seamless Performance and Visual Quality

Enjoy stunning visuals complemented by performance features designed to keep up with fast-paced content. The inclusion of HDR support ensures improved contrast and richer colors. For gamers, this monitor offers a significant advantage:

- **QHD (2560 x 1440) Resolution:** Four times the detail of standard HD displays.
- **100 Hz Refresh Rate:** Provides noticeably smoother motion compared to standard 60Hz monitors.
- **1 ms Response Time (MPRT):** Minimizes motion blur and ghosting, ensuring sharp action sequences.
- **AMD Adaptive-Sync:** Synchronizes the display refresh rate with the GPU output, eliminating screen tearing and stuttering during demanding gameplay.
- **IPS Panel Technology:** Delivers accurate colors and consistent brightness across wide viewing angles with a 1500:1 contrast ratio.

Enhanced Connectivity and Comfort

The 27E1N1600AE streamlines your workspace with modern connectivity options and focus on user comfort. The powerful USB-C input simplifies connection, allowing you to link peripherals and transmit high-resolution video and data through a single cable.

- **USB-C Connectivity:** Offers simple, reversible connection for high-resolution video and data transmission.
- **Ergonomic Stand:** Features comprehensive height and tilt adjustments, allowing you to position the screen perfectly to reduce neck and eye strain.
- **Anti-Glare Screen Coating:** Reduces reflections and distractions (Haze 25%), paired with a 3H Hard Coating for durability.
- **Input Options:** Includes versatile HDMI and USB-C inputs (AC 100-240 V, 50/60 Hz power input).

MMD-MONITORS & DISPLAYS (Philips) is recognized globally for producing high-quality display solutions that combine technological innovation with user-centric design. Committed to sustainability, the 27E1N1600AE is designed to be eco-friendly, featuring mercury-free, BFR-free, and PVC-free components and adhering to RoHS compliance.
