The iiyama ProLite XUB2492QSU-B1 is engineered for professionals and power users demanding high resolution and smooth performance. Featuring a sophisticated edge-to-edge design, this 23.8-inch display is ideal for seamless multi-monitor configurations, reducing visual distraction and maximizing workspace.

Utilizing advanced IPS panel technology, the monitor delivers Quad HD (2560x1440) resolution, ensuring sharp details and superb clarity. IPS technology guarantees accurate, consistent color reproduction and exceptionally wide 178° viewing angles, making it perfect for photographic editing, web design, and demanding office applications.

Optimized for Smooth Workflow and Comfort

- **QHD Resolution (2560x1440):** Provides significantly more workspace and superior image quality compared to standard Full HD, boosting productivity.
- **100Hz Refresh Rate with FreeSync:** Delivers a noticeable improvement in visual smoothness, reducing motion blur during fast-paced content viewing or productivity tasks.
- **IPS Panel Technology:** Ensures outstanding color accuracy and wide viewing angles (178°/178°) for professional-grade visual output.
- **Ergonomic Stand:** Features 150mm height adjustment and pivot function, allowing users to find the perfect viewing position to minimize strain and fatigue.
- **Built-in USB 3.2 Gen 1 Hub:** Centralizes connectivity, allowing easy connection of peripherals directly through the monitor via the integrated USB hub.
- **Blue Light Reducer:** Integrated function designed to decrease blue light emissions, protecting eyes during long working sessions.
- **Built-in Speakers:** Adds audio convenience without the need for external speakers.

Connectivity and Design

Equipped with a comprehensive range of inputs, including HDMI, DisplayPort, and a headphone socket, the XUB2492QSU-B1 integrates effortlessly into any modern setup. The sleek, thin-bezel design enhances its aesthetic appeal and suitability for multi-display setups.

Iiyama is a world-renowned manufacturer specializing in high-quality monitor technology, recognized for combining performance, reliability, and user comfort. Their ProLite series is a staple in professional environments globally.

Order today from ++SHOP++ as we offer the best deals and guaranteed authentic products.

Stylish edge-to-edge design makes the ProLite XUB2492QSU offering QHD (2560x1440) resolution is perfect for multi-monitor set-ups. The IPS panel technology offers accurate and consistent colour reproduction with wide viewing angles. The 100Hz refresh rate together with FreeSync function provides an instant, tangible improvement in image smoothness. High contrast and brightness values mean the monitor will provide excellent performance for photographic and web design. Equipped with speakers, USB 3.2 hub, headphone socket, HDMI and DisplayPort connections, a blue light reducer function to reduce eye fatigue and an ergonomic 150mm height adjustable stand for optimal user comfort, make this 24'' monitor a great choice for both multi-monitor configuration and office applications.
