Under the hood, the ThinkPad E16 Gen 4 is powered by a potent AMD Ryzen AI 5 quad-core processor and 32 GB of DDR5 RAM, enabling seamless multitasking and efficient handling of demanding applications. Storage is lightning-fast and reliable, thanks to the 512 GB SSD with NVMe technology. For clear communication and immersive audio, it features dual-array microphones with noise-canceling capabilities and an integrated Harman audio system, making it ideal for video conferencing and media playback. Security is paramount, with features like a fingerprint reader and the comprehensive ThinkShield cybersecurity package providing peace of mind for safeguarding sensitive data.

Key Features:

- 16-inch WUXGA (1920 x 1200) LED IPS display with anti-glare and Low Blue Light technology.
- Powerful AMD Ryzen AI 5 quad-core processor.
- 32 GB DDR5 RAM for superior multitasking capabilities.
- Fast 512 GB NVMe SSD for quick data access and storage.
- Dual-array microphones with noise-canceling and integrated Harman audio for clear sound.
- Enhanced security features including a fingerprint reader and ThinkShield cybersecurity.
- Microsoft Windows 11 Pro pre-installed.

Lenovo is a global leader in innovative consumer, commercial, and enterprise technology.

Renowned for its ThinkPad line, Lenovo consistently delivers high-quality, reliable, and performance-driven devices designed to meet the evolving needs of professionals and businesses worldwide.
