LG 32G620B-B 32-inch Quad HD 200Hz LED Gaming Monitor

Experience unparalleled visual performance with the LG 32G620B-B UltraGear™ gaming monitor. Featuring a spacious 32-inch Quad HD display with a resolution of 2560 x 1440, this monitor delivers incredibly sharp details and an expansive screen area, perfect for both immersive gaming and productive multitasking. Enjoy fluid gameplay thanks to a rapid 200Hz refresh rate and a 1ms response time (GtG), ensuring every frame is rendered with minimal motion blur and ghosting. Enhanced by HDR10 support and up to 99% sRGB color coverage, the display brings visuals to life with striking contrast and vibrant colors, allowing you to spot details in both dark and bright scenes. Stay ahead of the competition with NVIDIA® G-SYNC® Compatible and AMD FreeSync™ Premium technologies, which provide smooth, tear-free, and low-latency gaming experiences. Optimize your

gameplay with features like Dynamic Action Sync for faster reactions, Black Stabilizer for improved visibility in dark areas, and the Crosshair feature for enhanced aiming precision in FPS games. The integrated FPS counter provides real-time performance data, while LG Switch offers intuitive control over settings and screen layouts. Designed for comfort during long sessions, this monitor boasts adjustable tilt, swivel, height, and pivot options, along with a slim stand to maximize desk space. Connectivity is seamless with dual HDMI ports, DisplayPort 1.4, and a headphone-out jack.

Key Features:

- 32-inch Quad HD (2560x1440) display for sharp detail and an expansive view.
- 200Hz refresh rate for exceptionally smooth and fluid motion.
- 1ms Response Time (GtG) minimizes blur and ghosting for crisp visuals.
- HDR10 and up to 99% sRGB color coverage for vibrant and realistic colors.
- NVIDIA® G-SYNC® Compatible and AMD FreeSync™ Premium for tear-free gaming.
- Dynamic Action Sync reduces input lag for quicker responses.
- Black Stabilizer enhances visibility in dark gaming scenes.
- Crosshair feature provides a competitive advantage with center-display aiming.
- Ergonomic design with tilt, swivel, height, and pivot adjustments.
- Versatile connectivity options including Dual HDMI and DisplayPort 1.4.

LG is a global leader in display technology, renowned for its innovative products and commitment to delivering high-quality visual experiences. The LG UltraGear™ line is specifically engineered to meet the demands of competitive gamers, offering cutting-edge features and performance.

32" QHD clarity meets competitive 200Hz speed

The 32" QHD UltraGear™ combines 200Hz speed and 1ms response time for sharp, fluid gameplay. AMD FreeSync™ Premium keeps action smooth and tear-free, while HDR10 and up to 99% sRGB deliver bold color and deeper contrast in every match.

Expansive 32" QHD Display

The large 32" QHD (2560x1440) display delivers sharp detail and expanded screen space, giving you

more room to track movement, manage HUD elements, and stay fully locked into the action.

HDR10 & up to 99% sRGB Color

With HDR10 support and up to 99% sRGB coverage, scenes come alive with bold contrast and vivid color. Spot enemies in darker areas, see brighter highlights in explosive moments, and experience deeper visual impact in every match.

Push the Pace at 200Hz

A blazing 200Hz refresh rate keeps fast action sharp and controlled. Track enemies, react faster, and stay locked into every frame with reduced motion blur and smoother, more responsive gameplay.

1ms Response (GtG) for Crisp Gameplay

1ms Response Time (GtG) keeps fast-paced gameplay sharp by minimizing blur and ghosting. Whether you're tracking enemies or racing to the finish, every frame stays crisp—giving you the edge when it matters most.

NVIDIA® G-SYNC® Compatible & AMD FreeSync™ Premium

NVIDIA® G-SYNC® Compatible¹ and AMD FreeSync™ Premium deliver smooth, tear-free, low-latency gaming with high refresh rates—so every frame stays fluid and sharp.

Action As It Happens

Dynamic Action Sync minimizes input lag for faster reactions—so you can respond to every move, shot, or turn the instant it happens.

Black Stabilizer

Black Stabilizer brightens dark scenes, helping gamers spot enemies hiding in the shadows and react quickly during sudden flashes—keeping you one step ahead in every battle.

Advantage of Accuracy with Crosshair

Crosshair offers an accuracy advantage with center-display crosshairs that provide enhanced vision and precision for increased accuracy in first-person shooter games.

FPS Counter

The FPS Counter will let you see how well everything is loading. Whether you're editing, playing games, or watching a movie, every frame matters, and with the FPS Counter, you'll have real-time data.

Smarter control. Seamless switching with LG Switch

LG Switch lets you adjust image preferences and brightness directly from your desktop and apply settings instantly with a hotkey. Split your screen into up to 11 layouts, launch video calls with a click, and keep your gaming and everyday setup fast, organized, and distraction-free.

Built for Your Battle Station

Lock in your perfect angle with tilt, swivel, height and pivot adjustments that keep you comfortable through long sessions. The slim, space-saving stand frees up desk space for your keyboard, mouse, and gear—keeping your setup clean, focused, and ready for action.

Versatile Connectivity

Versatile connectivity hub: Dual HDMI, DisplayPort 1.4, and 3-pole H/P out to ensure seamless connections to all your devices, from consoles and peripherals to productivity gear.
