Unmatched Speed and Clarity

Equipped with a premium TN panel, the XL2546X+ achieves a blistering 0.5ms response time (GtG), virtually eliminating motion blur and ghosting. This responsiveness is critical for high-level competitive play where split-second decisions matter. Additionally, the improved proprietary DyAc+ (Dynamic Accuracy Plus) technology enhances visual clarity during rapid camera movements, making target tracking easier and ensuring smooth, sharp images even in chaotic moments.

Key Specifications for Competitive Play:

- **Panel Size & Resolution:** 24.1 inches, Full HD (1920x1080), the standard size optimized for competitive focus.
- **Ultra-High Refresh Rate:** 280Hz allows for exceptionally fluid gameplay and reduced input lag, crucial for professional tournaments.
- **Lightning Fast Response Time:** 0.5ms GtG ensures crystal clear motion handling, minimizing visual distractions.
- **DyAc+ Technology:** Reduces motion blur for superior clarity in high-action scenes, improving recoil control.
- **TN Panel:** Optimized for maximum speed, consistency, and low latency.

BENQ ZOWIE is the line of competitive eSports equipment from BenQ, dedicated to providing peripherals designed with input from professional players to meet the stringent demands of global tournaments.
