GODOX V1-C Flash for Canon

The Godox V1 for Canon is a compact flash that combines professional-quality light with a convenient, portable design. The round head provides soft and even lighting, and the short flash readiness time of just 1.7 seconds allows you to react instantly to changing situations. The high-capacity battery allows for approximately 650 full-power flashes on a single charge, making the flash ideal for photojournalism, portrait sessions, and intensive fieldwork.

Convenient Operation and Fast Performance

The flash is equipped with a clear touchscreen featuring an intuitive interface that makes it easy to change settings and efficiently adjust operating parameters to current conditions. Adjusting flash power, selecting operating modes, and configuring the wireless system are quick and convenient, allowing you to focus on shooting and capturing the most important moments.

Natural light and professional results

Godox's advanced optical system and circular head generate soft, evenly diffused light with a natural appearance. Smooth tonal transitions and even coverage of the frame result in aesthetically pleasing photos and allow you to achieve professional results without the need for additional light modifiers.

Creative freedom in any conditions

The Godox V1 mid supports TTL, manual, and stroboscopic (Multi) modes, offering full control over lighting during shooting. The flash supports synchronization with high-speed sync (HSS) short shutter speeds, as well as first- and second-curtain sync, which provides greater creative freedom and allows you to easily adjust the lighting to dynamically changing conditions.

Powerful Battery Life and Wireless Freedom

The high-capacity lithium-ion battery provides up to 650 flashes on a single charge, and the USB-C port allows for easy recharging in the field, such as from a power bank. The built-in Godox X 2.4 GHz system, with a range of up to 70 m, guarantees full wireless control, and compatibility with AK-R1 magnetic accessories and S2/S3 mounts opens up access to a wide range of Bowens-mount light modifiers.

Included in the set

- Godox V1 mid Canon flash x1
- Battery x1
- Charger x1
- USB-C cable x1
- Mini stand x1
- Carrying case x1
- Packaging x1
