GODOX CBA-TA0016 Foldable Background

The GODOX CBA-TA0016 is a 2 × 1.5 m foldable photography backdrop that lets you set up a professional photo or video shoot in just a few moments—whether in the studio or on location. Thanks to its lightweight, foldable design, you can easily take it with you on location shoots, events, or projects in various locations. This model is ideal for portrait, fashion, and product photography, as well as for wedding, special occasion, travel, and business photo shoots, and for vlogging.

Photos and videos without unwanted reflections

The background is made of a non-reflective material that effectively eliminates light reflections and helps you achieve a clean, professional image. Rich, high-contrast colors ensure an attractive visual effect, and when unfolded, the surface remains smooth and wrinkle-free. As a result, your photos and videos gain a uniform, aesthetically pleasing background without the need for additional editing or time-consuming set preparation.

Foldable design for convenient transport

The design, reminiscent of a foldable reflector, allows for instant unfolding and folding without the need for assembly, so you can quickly get to work and just as easily move on to the next location. When folded, the backdrop takes up just 1/3 of its full dimensions, which significantly simplifies transport and storage. The durable material is crease-resistant and retains its attractive appearance even after repeated folding. The set includes a practical carrying bag that protects the backdrop from dirt during storage and transport. If needed, you can also attach the backdrop to compatible mounts available for separate purchase.

Included

- backdrop
- carry case
- user manual
