Aprašymas

Baseus MagPro car mount with 15W Qi2.0 inductive charger (black)

The Baseus MagPro holder offers 15W max wireless charging, so you don't have to wait too long until your gear is ready to go. What's more, it's compatible with both iOS and Android, and mounting the mount won't be a problem. In addition, special hooks provide stability and at the same time protect the ventilation grille from damage.

Convenient charging

Charge your device while traveling in the car and don't worry about a drained battery. The mount supports wireless charging and uses 5/7.5/10/15 watts of power to do so. What's more, the Baseus MagPro is Qi2 certified and has numerous safety features to protect your smartphone from damage.

Stability - safety of your smartphone

Don't be afraid of damaging your equipment. The mount is equipped with 11 N magnets, so it provides stability and security. It is ideal for iPhone 15-12 series and older models and Android smartphones. In this case, attach a metal ring (included) to the smartphone or use a magnetic case.
