organized workspace, eliminating cable clutter.

Seamless Performance and Stunning Visuals

Experience sharp, clear imagery thanks to the 27-inch Full HD (1920 x 1080) IPS panel. IPS technology ensures wide viewing angles and vibrant colour reproduction (supporting 16.7 million colours). Whether you are working on spreadsheets, graphic design, or enjoying multimedia, the visuals remain consistent and high quality.

Equipped with a fast 100 Hz refresh rate and an ultra-quick 1 ms MPRT response time, this monitor delivers smooth motion and reduces ghosting. Gamers and fast-paced content creators will appreciate the inclusion of AMD Adaptive-Sync technology, which synchronizes the display's refresh rate with your GPU's frame rate for tear-free, fluid visuals.

Key Features and Specifications:

- IPS Panel Technology: Provides superior colour accuracy and wide 178/178 degree viewing angles.
- Full HD (1080p) Resolution: Crisp 1920 x 1080 display optimized for everyday tasks and multimedia.
- 100 Hz Refresh Rate & 1 ms MPRT Response Time: Ensures smooth, sharp rendering of fast-moving content.
- USB-C 3.2 with Power Delivery: Simplifies setup by handling video input, data transfer, and charging via one reversible cable.
- Adaptive-Sync Technology: Reduces screen tearing and stuttering during dynamic content.
- Ergonomic Adjustments: Includes height and tilt adjustments for comfortable viewing sessions.
- Eye Comfort: Anti-glare coating (3H Hard Coating, Haze 25%) ensures comfortable use even in bright environments.

MMD-MONITORS & DISPLAYS (Philips) is a trusted manufacturer known for producing high-quality, innovative display solutions that focus on user comfort and productivity. This monitor continues that legacy by combining robust connectivity with excellent visual performance.
