Boost your efficiency with the 14-inch Lenovo ThinkPad E14 Gen 8 laptop, powered by Intel® Core™ Ultra Series 3 processors. Experience unmatched productivity for everyday AI workflows with smart Copilot+ experiences and a built-in neural processing unit (NPU) for seamless multitasking, enhanced collaboration, and secure on-device AI experiences.

Key Features:

- **AI-Powered Productivity:** Leverage Copilot+ PC experiences for faster information retrieval, enhanced meetings with Windows Studio Effects and live captions, and AI-driven content generation.
- **Seamless Connectivity:** Stay connected with a full array of ports including dual Thunderbolt™, USB-A, HDMI®, ethernet, and an audio jack. Advanced WiFi and Bluetooth® ensure reliable wireless performance.
- **Robust Security:** Benefit from ThinkShield's advanced security suite, discrete Trusted Platform Module (dTPM) for encryption, optional Intel vPro® technology for remote management, and secure logins via IR camera and optional fingerprint reader.
- **Durable Design:** Engineered to withstand real-world challenges, meeting rigorous MIL-STD-810H standards for consistent performance under pressure.
- **Sustainable Engineering:** Designed with a commitment to a brighter, more sustainable future, incorporating industry-leading sustainability labels and certifications.
- **High-Resolution Display:** Enjoy crisp visuals on the 14-inch WUXGA (1920 x 1200) IPS display.
- **Ample Storage and Memory:** Comes with 16GB of DDR5-SDRAM and a fast 512GB SSD for efficient data handling.
- **Pre-installed Windows 11 Pro:** Includes the latest Windows 11 Pro operating system for enhanced business features and security.
- **Nordic Backlit Keyboard:** Type comfortably in any lighting condition with the Nordic backlit keyboard.

Lenovo is a global leader in innovative consumer, commercial, and enterprise technology. Known for its reliability and cutting-edge designs, Lenovo consistently delivers high-quality products that meet the evolving needs of users worldwide.

AI-ENHANCED BUSINESS PERFORMANCE

Streamline Routine Workflows With AI Power

Boost your efficiency with the 14" Lenovo ThinkPad E14 Gen 8 laptop powered by Intel® Core™ Ultra Series 3 processors. Experience unmatched productivity for everyday AI workflows with smart Copilot+ experiences and a built-in neural processing unit (NPU) for seamless multitasking, enhanced collaboration, and secure on-device AI experiences.

COPILOT+ INTELLIGENCE

Smarter Workflows — Powered By On-Device AI

Copilot+ PC experiences help you get more done with less effort. On-device AI helps you find information faster, enhance meetings with Windows Studio Effects and live captions, and generate content with AI tools. Optimize everyday tasks and workflows with AI-powered features — all running efficiently to amplify routine productivity.

SEAMLESS CONNECTIVITY

Push Your Limits for Every Possibility

The E14 Gen 8 keeps you connected and productive anywhere. It features an array of ports — including dual Thunderbolt™, USB-A, HDMI®, ethernet, and an audio jack to create your ultimate workspace. Plus, advanced WiFi and Bluetooth® ensure fast, reliable wireless connectivity, enabling consistent performance, no matter where your work takes you.

SECURITY & PRIVACY

Safeguarding What Matters Most

Rest easy with the comprehensive data-device protection via ThinkShield's advanced security suite. Discrete Trusted Platform Module (dTPM) offers powerful encryption while optional Intel vPro® technology ensures efficient remote management. Plus, an infrared (IR) camera and an optional power button-integrated fingerprint reader allow for secure logins every time.

LONG-TERM DURABILITY

Ready for Real-World Challenges

Engineered to withstand everyday bumps, travel and tough work environments, the E14 Gen 8 meets rigorous MIL-STD-810H standards and stringent quality checks to ensure smooth, consistent performance even under pressure.
