Lenovo ThinkPad E16 G4: Power and Reliability for Business

The Lenovo ThinkPad E16 (16" Intel) is engineered to meet all your business needs, offering impressive power, dependable performance, and robust security. Designed to handle demanding workloads, it excels in data analysis, design tasks, research, and content review. With its 13th Gen Intel® Core™ i7 processor options, integrated UMA graphics or optional NVIDIA® GeForce® discrete graphics, ample memory, and fast SSD storage, the E16 ensures blazing-fast performance for your business operations.

An Elevated Work Experience

The ThinkPad E16 boasts a sleek Graphite Black finish, giving it a modern and professional aesthetic. The keyboard features keys with improved spacing to prevent accidental typing, along with a

convenient numeric keypad. Its expansive 115mm x 68mm trackpad enhances on-screen navigation. Enjoy a crystal-clear visual experience on the 16-inch display, with resolutions up to WQXGA and 100% sRGB color gamut. Optional touch functionality and hardware-based Low Blue Light certification ensure comfortable viewing during long work sessions.

Stay Connected, Work Effectively

The ThinkPad E16 offers comprehensive connectivity for peripherals and seamless collaboration. It includes essential ports such as USB-C 3.2, USB-A 3.2 and 2.0, and Thunderbolt™ 4. Wireless connectivity is made effortless with Wi-Fi 6E and Bluetooth® 5.4, ensuring you stay connected. For enhanced collaboration, it features dual microphones and a hybrid FHD + IR webcam with a privacy shutter.

Advanced Security Features

Protect your valuable data with advanced security options including a discrete Trusted Platform Module (dTPM) 2.0, a hybrid FHD + IR camera, and Smart Power On. The dTPM 2.0 secure chip encrypts your passwords and sensitive information, while the integrated fingerprint reader on the Power On button or the FHD hybrid IR camera provides secure, personalized access.

Built for Durability and Portability

The ThinkPad E16 is ideal for remote work, combining a portable design with long-lasting battery life. Its optional rugged metal cover provides protection against impacts and spills, meeting the U.S. Department of Defense's MIL-STD 810H standards for reliability and durability. Tested rigorously against 12 stringent standards and over 200 quality checks, the ThinkPad E16 is built to perform in the most challenging environments.

Ready to make the most of your day

The Lenovo ThinkPad E16 (16" Intel) laptop exudes power, reliable performance, and robust security—for all of your business requirements. It's designed to handle heavy loads of work and is perfect for data tabulation, quick design works, research, and reviewing content. Equipped with up to a 13th Gen Intel® Core™ i7 processor, integrated UMA graphics or NVIDIA® GeForce® discrete graphics, and extensive memory and SSD storage, the E16 delivers blazing-fast performance.

Enjoy an elevated work experience

The stunning Graphite Black color gives the ThinkPad E16 (16" Intel) laptop a modern, professional look. Its keyboard houses robust keys with better key spacing, to prevent accidental input, plus a number pad. The smooth 115mm x 68mm trackpad improves onscreen navigation. The ThinkPad E16 also features a crystal-clear 16" display, up to WQXGA, with 100% sRGB color gamut, optional touch, and hardware-based Low Blue Light certification for an excellent visual experience.

Get connected & stay connected

More connectivity means more effective working. The ThinkPad E16 comes with all the ports needed for peripherals and better collaboration, including USB-C 3.2, USB-A 3.2 and 2.0, and Thunderbolt™ 4, to name a few. Connect wirelessly hassle-free with WiFi 6E and Bluetooth® 5.0, and rely on dual mics and a hybrid FHD + IR webcam (with privacy shutter) for collaboration.

Options to keep your data safe

Protect your laptop and your data with options like a discrete trusted platform module (dTPM) 2.0, hybrid FHD + IR camera, and Smart Power On. The dTPM 2.0 secure chip encrypts your passwords and other sensitive data, while only you can access your laptop via the fingerprint reader on the

Power On button or the FHD hybrid IR camera.

Tough enough to take anywhere

The ThinkPad E16 laptop is a good fit for remote work, thanks to its portable design and high battery capacity. Its optional sturdy metal cover protects your device from bumps and spills wherever you are, and it clears the U.S. Department of Defense's MIL-STD 810H standards for reliability and durability. Tested against 12 stringent standards and more than 200 quality checks, the ThinkPad E16 laptop will run in even the harshest of conditions, from the Arctic wilderness to desert dust storms.
