ADVANCED-LEVEL PROTECTION

Security Your Business Can Count On

When you need multilevel protection, ThinkShield security solutions have got you covered. Discrete Trusted Platform Module encrypts critical data. Biometrics provide secure login with a fingerprint reader and facial recognition with the optional infrared (IR) camera. There's even human presence detection that works with the PrivacyGuard display to ensure your big ideas remain yours!

THINKPAD TOUGH

Durability Your Business Can Rely On

We use MIL-STD-810H for a balance of reliability and durability in ThinkPad laptops. Meeting or exceeding 12 standards, 26 procedures, and 200+ quality checks ensure these devices run in extreme conditions, including harsh variables like Arctic wilderness, desert dust storms, extreme temps, pressure, vibration, and more.

YOUR COLLABORATION COMPANION

Look Good, Sound Great

Make your presence known in every meeting with the remarkable 5MP camera — either sRGB or infrared. Enjoy Lenovo View AI-based camera enhancements to keep you focused when speaking, blur backgrounds, set an avatar, and more. Audio includes noise-cancelling mics with sound further enhanced by Dolby Atmos®.

PIXEL PERFECT CLARITY

To Touch, or Not To Touch

Choose from several display options, two of which include on-cell touch for touchscreen capability. All provide wide-angle viewing, which is especially impressive on a huge 16" display. There's even a PrivacyGuard option to ensure data security when working in public.

CREDIBILITY & COLLABORATION

Sustainability

Our goal is to provide smarter technology that builds a brighter, more sustainable future for our customers, communities, and the planet. That's why we pursue industry-leading labels and certifications that demonstrate our commitment to sustainability in product design. Together, we can build a smarter future for all.
