SAMSUNG Galaxy A26 5G Enterprise Edition Smartphone

The SAMSUNG Galaxy A26 Enterprise Edition is engineered for productivity and reliability, combining high-end performance with business-grade security features. Optimized for professionals and heavy users, this 5G smartphone ensures long-lasting operation and robust data protection.

Immersive Display and Performance

Experience breathtaking clarity on the expansive 6.7-inch Full HD+ Super AMOLED display. Featuring a smooth 120 Hz refresh rate, the visuals are fluid, whether you are scrolling documents or streaming high-definition content. Protection is paramount, which is why the screen is fortified with scratch-resistant Corning Gorilla Glass Victus+.

Powered by the capable 8-core Samsung Exynos 1380 processor, clocked up to 2.4 GHz, the Galaxy A26 handles demanding applications and multitasking with ease. Coupled with 6 GB of RAM and 128 GB of internal storage (expandable up to 2 TB via microSDXC), performance remains consistently fast and efficient.

Professional-Grade Camera System

Capture every detail with the versatile triple camera setup. The main 50 Megapixel sensor (f/1.8) delivers bright, sharp photos, enhanced by Optical Image Stabilization (OIS) for steady shots. Expand your perspective using the 8 Megapixel ultra wide-angle lens, and get up close with the dedicated 2 Megapixel macro camera. For crystal-clear video calls and selfies, the front features a 13 Megapixel camera.

Enterprise Reliability and Security

The Enterprise Edition provides essential features for corporate environments, including the powerful security platform Samsung KNOX and an extended commitment of up to six years of security updates. Running on Android 15 with the intuitive One UI 7 interface, the device also features convenient side-mounted fingerprint authentication for secure access. This model comes standard with a 3-year manufacturer warranty, ensuring long-term peace of mind.
