CHERRY DW 9100 SLIM Wireless Keyboard and Mouse Set

Experience innovation and exceptional craftsmanship with the CHERRY DW 9100 SLIM desktop set. This sleek, rechargeable set offers unparalleled versatility, allowing you to connect your wireless keyboard and mouse via the included 2.4 GHz wireless USB receiver or Bluetooth®. Effortlessly switch between connections on either the mouse or keyboard to seamlessly manage multiple devices, such as connecting your laptop via Bluetooth® 4.2 and your PC via the wireless receiver simultaneously. Data transfer is secured with AES-128 encryption for both connection types, ensuring a safe and reliable experience up to 10 meters away.

The DW 9100 SLIM set features long-lasting rechargeable lithium batteries that provide weeks of use. Conveniently recharge your keyboard and mouse using the included USB-C cable, even while you're working. A complete on/off switch for both the keyboard and mouse ensures the batteries remain charged, even after extended periods of inactivity. The keyboard boasts an integrated metal plate for superior stability and prevents bending during typing. For personalized comfort, adjust the typing angle with the removable magnetic strip. Enjoy an ideal typing experience thanks to high-quality scissor mechanisms and a low key stroke. Status LEDs integrated into each key provide instant feedback on CAPS LOCK, SCROLL, and NUM key activation, and also flash to signal low battery levels. Six convenient hotkeys offer quick access to "Windows lock", "Open browser", volume controls, "Mute", and "Open calculator".

The perfectly matched wireless mouse enhances your productivity with its ergonomic design and rubberized side grips for comfortable handling. Customize your cursor speed with three adjustable DPI settings: 1000, 1600, or 2400 dpi, easily selectable at the touch of a button. A two-color status LED keeps you informed about battery status, charging, selected resolution, and connection status. Additional thoughtful features include an extra-durable mouse wheel with optical scanning and a magnetic storage slot for the USB receiver.

Whether for mobile work, the office, or your home office, the CHERRY DW 9100 SLIM Desktop is your stylish and dependable companion, offering flexible Bluetooth® or wireless connectivity to suit all your needs.

Key Features:

- Dual connectivity: 2.4 GHz wireless with USB receiver and Bluetooth® 4.2.
- AES-128 encryption for secure data transmission.
- Rechargeable lithium batteries with long battery life.

- Up to 10 meters wireless range.
- Keyboard: 111 keys (including 6 hotkeys).

CHERRY is a German manufacturer renowned for its high-quality input devices. For decades, CHERRY has been a trusted name in the industry, delivering reliable and innovative products for office, gaming, and home use. Their commitment to quality engineering and user-centric design ensures durable and efficient solutions for everyday computing needs.

Rechargeable designer desktop with many extra features

The CHERRY DW 9100 SLIM desktop set stands out due to its innovative functions, excellent workmanship and very flat design. You can connect the wireless mouse and keyboard with the 2.4-Ghz wireless USB receiver supplied or via Bluetooth®. You can switch connection types in an instant using a switch on the wireless mouse or keyboard. This allows e.g. a laptop to be connected via Bluetooth® 4.2 and a PC to be additionally connected via a wireless connection to be operated with the same desktop set. The data is transferred using AES-128 encryption in both cases. The range of up to 10 meters is also sufficient for e.g. multimedia applications on televisions.

The CHERRY DW 9100 SLIM set features rechargeable lithium batteries that last for weeks of work. You can then conveniently charge the wireless mouse and keyboard using the USB-C cable included, even while you are working. To ensure that the rechargeable batteries are still charged after a holiday, the wireless keyboard and mouse can be switched off completely with a switch.

The keyboard contains an integrated metal plate, lending it an optimal sturdiness and stability. If you prefer a steeper angle while typing, you can adjust the wireless keyboard using the removable magnetic strip. High stability is ensured by the metal plate, which prevents bending and bounding when typing.

The use of high-quality scissor mechanisms with a low key stroke ensures an ideal typing experience. Status LEDs integrated directly in each key provide information on whether the CAPS LOCK, SCROLL and NUM keys are activated. In addition, these keys flash to warn that the battery

charging status is low. The 6 additional keys have proved to be extremely convenient and practical: “Windows lock”, “Open browser”, “Quieter”, “Louder”, “Mute” and “Open calculator”.

The wireless computer mouse, which matches the keyboard perfectly in terms of appearance, also has numerous features. It fits ideally in the user’s hand thanks to its rubber-coated side parts and a compact design. The resolution can be set in three stages at the touch of a button: 1000, 1600 or 2400 dpi. A two-color status LED provides the user with information on the battery status, the charging status, the selected resolution or the connection status at all times. An extra-durable mouse wheel with optical scanning and a magnetic storage feature for the USB receiver are further details that ensure nothing is left to be desired.

Regardless for mobile working, in the office or home office. The DW 9100 SLIM Desktop is your constant, stylish companion. The choice of Bluetooth® or wireless connection means you are flexibly equipped for all eventualities.
