Pagrindinės savybės

- ✓ Optimized fan blades for the highest performance on radiators and heat sinks
- ✓ Speed switch allows changing maximum PWM speed between medium-speed, high-speed and ultra-high-speed (up to 2400 rpm)
- ✓ Small tip clearance and a fan frame with a funnel-shaped air outlet for extremely high air pressure
- ✓ Virtually inaudible operation at regular speed
- ✓ 6-pole fan motor and fluid-dynamic bearing for less vibration and very smooth operations
- ✓ Individual mounting systems for use as a case fan or with a radiator

Aprašymas

Silent Wings Pro 4 140mm PWM White is the most progressive, performant and versatile fan by be quiet!

IMPROVED ON ALL LEVELS

Altered blade arrangement for new generation performance

The fan blades are what makes a fan. It is for this reason that the fan blades of Silent Wings Pro 4 140mm PWM White have been developed newly from scratch. The new blade arrangement enables a performance second to none for all possible operations. Be it in a case, on radiators or heat sinks.

OPTIMIZED FOR HIGH-END PERFORMANCE

Minimum distance for maximum air pressure

Silent Wings Pro 4 140mm PWM White makes for extraordinary air pressure and therefor, significantly increases the system's performance. The decreased distance between the fan blades and the frame enables an extraordinarily high air pressure. By that, the Silent Wings Pro 4 140mm PWM White allows the user to run even the most demanding applications.

SPEED SWITCH

3 speed options for any possible application

The speed switch makes switching between medium, high-speed and ultra-high-speed of maximum RPM levels quick and easy. The Silent Wings Pro 4 140mm PWM White alters its application with a simple slide to the right. Medium-speed is suitable for any operation that requires regular cooling performance. High-speed lets the fan spin faster, providing more cooling power. Ultra-high-speed ultimately offers enough rpm to cool even the most demanding hardware in high-end PC builds.

6-POLE FAN MOTOR

The key for virtually inaudible operation when needed

6-pole fan motor with 3 phases for very low power consumption, less vibration and therefore quiet max. operation of 36.8dB(A). Equipped with this state-of-the-art technology the fan is virtually inaudible when operated in mid-speed.

3 DIFFERENT MOUNTING OPTIONS

For any purpose

Silent Wings Pro 4 140mm PWM White has 3 mounting options in the scope of delivery. The pre-installed radiator corners are specially designed for radiators on which the incomparable performance of this high-end fan completely shines. On the other hand, for chassis use, the anti-vibration mounting is the first choice as they reduce vibrations to a minimum. The plastic mountings round up the scope.

FLUID-DYNAMIC BEARING

For a sustainable operation

The advanced fluid-dynamic bearing (FDB) enables a super long fan life of up to 300,000 hours. In addition, it reduces the vibrations significantly and supports the virtually inaudible operation of Silent Wings Pro 4 140mm PWM White.

ELEGANT LOOK

Magnificent appearance in all details

Completely covered in white and equipped with a high-grade fan sticker, this fan is especially suited for white PC builds. The finely sleeved PWM cable perfectly rounds up the outer appearance of the fan. Not only does the PWM cable look great: its connector can also be plugged in and out with ease, making the fan an eye-catcher and user-friendly alike.

Techninė specifikacija

Specifications	
Sandėlio grupė	Gehäuse [+0][-0] Gehäuselüfter [+0][-0]
Performance	
Suitable location	Computer case
Type	Fan
Fan diameter	14 cm
Noise level (high speed)	36.8 dB
Maximum airflow	97.4 cfm
Airflow	165.5 m³/h

Maximum air pressure	3.64 mmH2O
Pulse-width modulation (PWM) support	Yes
Bearing type	Fluid Dynamic Bearing (FDB)
Fan noise level (max)	36.8 dB
Quantity per pack	1 pc(s)
Fan speed (max)	2400 RPM
Fan's mean time to failure (MTTF)	300000 h
Design	
Product colour	White
Number of fans	1 fan(s)
Illumination LED	No
Fan connector	4-pin
Display type	Not applicable
Power	
Voltage	7 - 13.2 V
Rated voltage	12 V
Fan power consumption	6 W
Rated current	0.5 A
Weight & dimensions	
Width	140 mm
Depth	140 mm
Height	25 mm
Weight	258 g
Cable length	0.5 m
Package width	156 mm
Package depth	206.5 mm
Package height	31 mm
Package weight	450 g
Technical details	
Sustainability certificates	Triman
Compliance certificates	CE, RoHS, UKCA, WEEE
Sustainability compliance	Yes
Packaging content	
Screws included	Yes

Number of screws	4
