- **Built-in Pay-to-View Solution (MyChoice):** Easily offer premium content or a complete pay-per-view model for guests, utilizing codes or cards for access.
- **UI Branding:** Customize the user interface with your logo or background, enhancing brand visibility and providing a seamless guest experience.
- **Instant Initial USB Cloning:** Quickly copy all settings and channel programming to multiple TVs in under a minute, ensuring uniformity and saving on installation costs.
- **Mixed Channel Map:** A single, integrated channel list for both digital and analogue channels allows guests to switch seamlessly between them.
- **USB Auto Playback:** Connect USB devices to enjoy photos, videos, and music through an easy-to-use on-screen content browser.
- **Display:** 43-inch Full HD (1920 x 1080) LED display with a brightness of 250 cd/m² and Direct-LED backlighting.
- **Tuners:** Integrated DVB-C, DVB-T, and DVB-T2 digital tuners.
- **Connectivity:** HDMI, VGA, CI+, and USB 2.0 ports.

TP VISION is a globally renowned company specializing in the design, manufacturing, and marketing of televisions and audio products. Known for innovation and quality, TP VISION brings the Philips brand to life with cutting-edge technology and user-centric features.

Powered by CMND

Show more with a budget-friendly standalone professional TV. The intuitive CMND solution makes it simple to deploy and manage connected displays. Benefit from simple, fast installation and an on-screen welcome page that's easy to program.

CMND&Control

CMND and Control allows for remote configuration and installation of your TVs from a central location, without the need to visit any rooms. Update and manage all your displays, with minimal effort, all without having to disturb your guests.

Built-in pay-to-view solution

Offer pay-to-view content in any situation from a complete pay-to-access-all-channels model to selected premium content. MyChoice is an integrated solution that allows viewers to access pay-per-view channels via a code or a card.

UI branding

Your Philips Professional TV offers a clear, easy-to-navigate user interface (UI), which you can customize with your own branding. Easily add your logo or custom background to the menu to increase the visibility of your brand.

Instant initial USB cloning.

Provides the ability to easily copy all programming and channel programming settings from one TV into other TV sets in less than a minute. The feature ensures uniformity between TV sets and significantly reduces installation time and costs.

Mixed channel map

One integrated channel list for digital and analogue channels. This allows the guest to flick seamlessly between Analogue and Digital channels.

USB auto playback.

Share the fun. Connect your USB memorystick, digital camera, mp3 player or other multimedia device to the USB port on your TV to enjoy photos, videos and music with the easy to use onscreen content browser.
