LOGITECH G G502 X Wired Gaming Mouse - Precision Redefined

The LOGITECH G G502 X takes the legendary G502 design and re-engineers it for the modern esports landscape, combining iconic shape with groundbreaking technologies. This high-performance wired gaming mouse features the revolutionary LIGHTFORCE optical-mechanical switches, offering unparalleled speed and reliability, and is engineered to be lightweight at only 89 grams for swift, fatigue-free gameplay.

Unmatched Gaming Performance and Precision

Equipped with the cutting-edge HERO 25K sensor, the G502 X delivers sub-micron level precision tracking across the entire 100 to 25600 DPI range. Experience zero smoothing, filtering, or acceleration, ensuring every movement translates perfectly in game. Coupled with an impressive 40 G maximum acceleration and 400 inches per second tracking speed, this mouse is built for competitive excellence.

Key Features for the Competitive Gamer:

- **LIGHTFORCE Hybrid Switches:** Utilizing optical speed with the satisfying tactile feel of mechanical switches, ensuring incredible durability and response time.
- **HERO 25K Sensor:** Industry-leading accuracy with a massive 25,600 DPI resolution, optimized for professional play.
- **Ultra-Light Design:** Weighing just 89 g, the optimized shell structure allows for rapid movements and minimizes hand strain during marathon sessions.
- **Adjustable DPI Button:** Features an adjustable and removable DPI shift button, allowing for instant sensitivity switching (e.g., sniping accuracy).
- **Onboard Profiles:** Store up to 5 custom profiles directly on the mouse for instant access to personalized button maps and settings across different systems.
- **Versatile Scroll Wheel:** Features a high-speed dual-mode scrolling wheel for precise control or rapid web navigation.
- **Compatibility:** Fully supports Windows 10 or later and Apple macOS 10.14 or later.

LOGITECH is a global leader in peripheral technology, renowned for designing high-quality, innovative devices that push the boundaries of gaming and professional performance. Their G series is trusted by top esports athletes worldwide.
