### Pagrindinės savybės

- ✓ Mono portable speaker 16 W Black
- ✓ 70 - 20000 Hz 80 dB
- ✓ Wireless Bluetooth
- ✓ Built-in battery Lithium-Ion (Li-Ion) 10.01 Wh 2600 mAh 14 h
- ✓ 1 pc(s)

### Aprašymas

#### Grip and groove

Easy to grab and easy to hold, the JBL Grip is the speaker that's always within reach. The JBL Grip is powerful for its size. JBL Grip may be compact, but its pro sound is big—punchy bass and crystal-clear highs. Whether it's setting the vibe for mindful morning stretches or soundtracking lazy beach days, the JBL Grip is our go-to. The built-in ambient light on the back panel adapts to the moment, so you can set the mood for chill date nights and spontaneous hangs. Use the convenient side-panel control button to switch between light themes, so the mood is always right whether you're winding down or turning up. Did we mention it's super tough? The JBL Grip is built to handle anything. With an industry-leading IP68 waterproof and dustproof rating, it goes wherever we do. Its drop-proof design means it can survive a hard fall onto concrete—no party fouls here. All that, plus up to 14 hours of playtime with Playtime Boost. When friends roll through, we're using Auracast™ to stereo pair two Grips for instant surround sound. Why stop there? We can connect as many JBL Auracast™-enabled speakers as we've got for an all-out sound experience. Solo chillin' or vibing with the crew—the JBL Grip is as flexible as we are.

#### Bold JBL Pro Sound

The JBL Grip may be small enough to hold in one hand, but it packs bold JBL Pro Sound. With AI Sound Boost, it analyzes music in real time, using an algorithm to optimize output for bigger sound with less distortion.

#### Up to 14 hours of playtime

Keep the mood going for 12 hours on a single charge—plus an extra 2 hours with Playtime Boost when the vibes are too good to stop.

#### Ambient light

The speaker's back panel features an integrated ambient light with unique themes and color options, so you can set the mood to match your mix. Use the JBL Portable app to fine-tune the brightness and lock in your preferred look.
