Aprašymas

Iconic metal design.

Built for all-day comfort

The real metal blade defines both design and control. Finely sculpted from aluminium and perfected to create an impeccable hairline, Galaxy Buds4 Pro shines elegantly, turning heads. Finished in timeless colours, it presents a classic look that feels sophisticated yet versatile. Shaped for lasting comfort and stability, the surface that touches your ears feel naturally comfortable to provide a secure fit. From docking and charging to control, every interaction flows seamlessly through an ergonomic design.

ADVANCED 2-WAY SPEAKER

Hi-Fi sound. Hear the full range

Meet the true Hi-Fi Galaxy Buds. The advanced 2-way Speaker paired with dedicated Dual Amp is meticulously tuned to achieve high-fidelity sound across the full spectrum. Bring the studio-scale listening system to your ears, wherever you are.

2-way Speaker

Two separate drivers — the newly designed wider woofer with an expanded diaphragm area, and a precision tweeter — are expertly aligned to reproduce sound that remains faithful to the original recording. The advanced 2-way Speaker delivers a full-range performance, from deep, textured sub-bass to airy, extended highs, while preserving natural bass resonance with faster transient response, a rich midrange body and sharp detail.

Dual Amplifier

Each amplifier on Galaxy Buds4 Pro is dedicated to its own driver, expanding sound coverage while reducing distortion and interference through meticulous tuning. The result is a high-fidelity soundscape that immerses you in the full spectrum of sound.

ADVANCED WIRELESS AUDIO

Hear every layer come alive

Hear every layer come alive with extended bit depth and high sampling rates. Samsung Seamless Codec (SSC) supports 24-bit / 96 kHz audio to preserve the original sound with vast amount of information, while optimised data transmission control enables a stable listening experience with reduced audible artefacts or dropouts. Turn on the Ultra High Quality Audio (UHQ) option on your Galaxy smartphone and rediscover your favourite songs in full detail.

ADAPTIVE EQUALISER

Tailor Hi-Fi sound your way

Take a step closer to the ultimate in audio. Customise bass, treble and tone with the 9-Band Equaliser to match your preference, creating a sound signature tailored just for you. Galaxy Buds4 Pro also optimises sound adaptively to your ear shape and wearing style, ensuring a consistent listening experience as your ears perceive it — even when you adjust the volume.

SUPER CLEAR CALL

Super Clear Call, even in noise

Even your calls are clear like Hi-Fi audio. Your voice is clearly captured by 6 microphones positioned around your head, intelligently isolating it from the background sound with advanced Deep Neural Network (DNN). The exceptionally clean voice signal is transmitted with pure effortlessness through Super Wideband (SWB) up to 16 kHz between your Galaxy Buds4 Pro and Galaxy smartphone. Hear and be heard, loud and clear — even in noisy moments.

360 AUDIO

Surround yourself in sound

Expand your soundstage from stereo into a grand orchestral hall or a large arena, placing you at the centre of a live performance with a single touch. Feel every instrument and vocals in three dimensions, surrounding you with natural depth and spacious clarity. You don't just hear the music — you're enveloped by the atmosphere all around you.

ENHANCED ANC

Let Hi-Fi sound stay vivid

With its top-notch high-fidelity sound system, Galaxy Buds4 Pro achieves precise noise control. Distractions fade in real-time as the Active Noise Cancelling (ANC) algorithm instantly processes and adapts to your ear shape and fit. Listen to vivid, layered and deeply engaging Hi-Fi sound

Pateikta prekės informacija yra orientacinio pobūdžio. Techninės savybės, nuotraukos, aprašymai ir kaina gali keistis be išankstinio perspėjimo. wherever you are.

ADAPTIVE NOISE CONTROL

Stay immersed, stay connected

Manage your listening experience your way. Galaxy Buds4 Pro adjusts the levels of ANC and ambient sounds in real-time, adapting to your environment — whether you're sensitive to noise or prefer more blending. Stay more immersed in the music while remaining connected to the world around you.

VOICE DETECT

Jump right into conversations

Keep your Galaxy Buds4 Pro on, even when a conversation starts. Once you begin speaking, it automatically switches to ambient mode. Stay present without missing a beat.

SIREN DETECT

Listen when you need to be aware

Turn on Siren Detect to be more aware of alert sounds. Galaxy Buds4 Pro will automatically switch to ambient mode when an emergency siren is detected nearby.

EASY PAIRING

Simple connection. Straight to the tunes

Just open the Charging Case and you’re all set — as simple as that. No apps, no downloads and of course, no hassle. Your Galaxy smartphone and Galaxy Tab detect Galaxy Buds4 Pro for easy pairing.

ONE UI 8.5

Now, everything flows as one in One UI

The evolved One UI 8.5 creates a deep connection between your Galaxy Buds and Galaxy smartphone, almost like a duet. Control has never been more intuitive — manage features from the device settings, without downloading a separate app. From the Quick Panel, you can easily access features and also set and save sound preferences for each app.

INTERPRETER

Personal AI Translator in your ear

Break language barriers with a personal AI translator in your ear. Fully engage in the moment with Galaxy AI-powered Interpreter — hear it through Galaxy Buds4 Pro and read it on your Galaxy smartphone. Galaxy AI steps in to ensure clear communication across different languages.

VOICE-READY AI AGENT

Just talk to wake your AI agents

Ask for assistance with just your voice — no phone-pulling required. Simply speak to AI agents such as Bixby to get answers to questions or manage tasks instantly without slowing you down.

HEAD GESTURE

Respond with a simple nod or shake

Intuitive nods and shakes let you respond quickly, from answering calls to talking to Bixby, without lifting a hand. Get what you need effortlessly, even in situations where your hands are busy or when it's not an ideal time to speak.

AUTO SWITCH

Switch instantly between Galaxy devices

Auto Switch shifts your audio to the most pressing task at hand. Take a call on your Galaxy smartphone while focusing on your creative project on your Galaxy Tab or Galaxy Book. Jump right back to where you left off, the instant you hang up. The experience is seamless across your Galaxy devices.

Techninė specifikacija

Performance	
Product type	Headset
Wearing style	In-ear

Recommended usage	Calls/Music
Headset type	Binaural
Product colour	White
Market segment	Consumer
International Protection (IP) code	IP57
Accelerometer	Yes
Gyroscope	Yes
Position sensor	Yes
Adaptive EQ	Yes
Ports & interfaces	
Connectivity technology	True Wireless Stereo (TWS)
USB connectivity	Yes
USB connector	USB Type-C
Bluetooth	Yes
Bluetooth profiles	A2DP, AVRCP, HFP, PBP, TMAP
Bluetooth version	6.1
Headphones	
Ear coupling	Intraaural
Driver unit	1.1 cm
Number of drivers	2
Noise canceling	Yes
Noise canceling type	Active
Noise reduction	Yes
Microphone	
Microphone type	Built-in
Number of microphones	6
MEMS (Micro-Electro-Mechanical System) microphone	Yes
Battery	
Battery operated	Yes
Battery capacity	61 mAh
Right earpiece battery capacity	61 mAh
Left earpiece battery capacity	61 mAh
Talk time (with charging case)	22 h
Battery recharge time (charging case)	1.23 h
