ASUS Vivobook 17 X1704VA-AU1116 Nešiojamas

Kompiuteris

Paverskite kiekvieną dieną savo diena su ASUS Vivobook 17 – jūsų esminiu įrankiu, padedančiu lengviau atlikti darbus bet kur. Šis patogus nešiojamas kompiuteris turi 180° atsidarantį vyri, leidžiantį jį atversti plokščiai, ir fizinį kameros privatumo dangtelį. ASUS Antimicrobial Guard Plus apsaugo dažnai liečiamus paviršius nuo kenksmingų bakterijų, rūpindamasis jūsų sveikata. Patirkite aukščiausios klasės našumą su 12-os kartos Intel® Core™ i5-120U procesoriumi, 8 GB spartaus DDR5 operatyviosios atminties ir 512 GB talpos greituoju SSD disku. Mėgaukitės stulbinančiais vaizdais 17,3 colio Full HD NanoEdge ekrane su plačiais žiūrėjimo kampais ir TÜV Rheinland akių priežiūros sertifikatu, mažinančiu akių nuovargį. Pasinerkite į naują nešiojamojo kompiuterio garso patirtį, optimizuotą Dirac, užtikrinančią aiškų ir subalansuotą garsą, papildomai sustiprintą ASUS Audio Booster, kuris padidina garsumą iki 1,5 karto. Vivobook 17 pasižymi elegantišku dizainu žavingos Quiet Blue spalvos, pakankamai plonas, kad tilptų į bet kurį kuprinę. Jo ASUS ErgoSense klaviatūra suteikia patogią spausdinimo patirtį su optimizuotu klavišų eigos ir pilno dydžio 19,05 mm klavišų išdėstymu. Duomenų įvedimą palengvina patobulintas skaičių klaviatūros išdėstymas ir sparčiųjų klavišų funkcionalumas. Palaikykite ryšį naudodami platų I/O prievadų spektrą, įskaitant USB-C® 3.2 Gen 1, USB 3.2 Gen 1 Type-A, USB 2.0, HDMI® išvestį ir garso kombinuotą lizdą. Sukurtas atitikti griežtus JAV MIL-STD-810H karinius standartus, šis nešiojamas kompiuteris pasižymi nepaprastu tvirtumu ir patikimumu. Patobulinkite savo nuotolinį darbą ir vaizdo konferencijas su ASUS AI triukšmo slopinimo technologija ir ASUS 3D triukšmo mažinimo (3DNR) žiniatinklio kamera, užtikrinančia aiškesnius skambučius. Tinkinkite savo darbo eigą su patogiomis ASUS programėlėmis, tokiomis kaip GlideX ekranų bendrinimui tarp įrenginių ir ScreenXpert programų langų tvarkymui skirtinguose ekranuose. Vivobook 17 taip pat turi pirštų atspaudų jutiklį, užtikrinantį saugią ir lengvą prieigą.

Pagrindinės Savybės:

- 12-os kartos Intel® Core™ i5-120U procesorius
- 8 GB DDR5 operatyviosios atminties
- 512 GB PCIe SSD diskas

- Pirštų atspaudų jutiklis
- Nėra operacinės sistemos

ASUS yra pasaulyje pripažinta technologijų įmonė, garsėjanti savo inovatyviais ir aukštos kokybės vartotojų elektronikos gaminiais, žaidimų produktais ir profesionaliais sprendimais. Įsipareigodama plėsti dizaino ir našumo ribas, ASUS nuolat pristato pažangiausias technologijas, kurios suteikia vartotojams galimybes kasdieniame gyvenime ir profesinėje veikloje.

Make every day your day

Turn everyday tasks into something special with Vivobook 17, your essential tool for getting things done easier, anywhere. It's completely user-friendly too, with its 180° lay-flat hinge and physical webcam shield. ASUS Antimicrobial Guard Plus protects frequently-touched surfaces from harmful bacteria, safeguarding your health. Make all your days more enjoyable with Vivobook 17!

Performance

Power on tap

With Vivobook 17, you're always ready to take on any everyday task, whether it's work, play or entertainment. Whatever you need to achieve, there's always plenty of computing power on tap with the 12th Gen Intel® Core™ processor, 16 GB of fast memory, 1 TB of speedy SSD storage and comprehensive range of wireless connectivity up to WiFi 6E7 allows you to load online content in the blink of an eye.

Battery

Charge with speed

Vivobook 17 supports fast charging which allows you to charge a low battery to 60% in as little as 49 minutes³, so you can be up and running quicker than ever!

Display

Clearly superior display

Vivobook 17 delivers beautifully clear visuals with its three-sided slim-bezel NanoEdge display. The wide viewing angles maintain great quality even for off-center viewing, and the TÜV Rheinland eye-care certification ensures low blue-light levels that reduce the risk of eye strain during long viewing sessions.

Audio

A new perspective on laptop audio

Designed with help from the audio experts at Dirac, a professional audio solution provider, the audio system delivers the most immersive, clear, and balanced sound experience you've ever heard on a PC, laptop or tablet. You'll hear a wider and deeper soundscape than you could imagine, unleashing the full audio potential of your laptop.

Volume Booster

Upgrade your audio experience

ASUS Audio Booster uses unique audio algorithms to boost audio volume up to 1.5x and take your audio experience to the next level.

Design Highlight

Choose your color

Vivobook 17 has a lid with a special raised logo tag, and it's available in your choice of three eye-catching colors: charming Quiet Blue, Cool Silver, or cozy Terra Cotta — just pick your favorite! It's slim enough to pop unobtrusively into any backpack, and light enough for easy one-handed carrying.

ErgoSense

ASUS ErgoSense keyboard, comfortable typing experience

Your comfort is our highest priority. That's why the ASUS ErgoSense keyboard has an incredibly satisfying feel, with the optimum key bounce and travel calculated with fine-tuned precision.

Experience the ErgoSense keyboard and you'll soon find yourself cruising effortlessly through your

work.

Full-sized keyboard

19.05 mm

The full-size 19.05 mm key pitch is the same as a desktop keyboard so you can whizz through your work with superb typing comfort and accuracy.

Dished key caps

0.2 mm

The 0.2 mm key-cap dish is designed to match the shape of your fingertips so your fingers are gently guided to the ideal contact point with the keys.

Long key travel

1.4 mm

The long 1.4 mm key travel lets you type without having to use too much force. And the special ASUS-designed rubber dome guarantees your click force is met with just the right tactile bump you need for a nice grip.

0.1 mm key cap relief

When fully depressed, the keys on the ErgoSense keyboard don't sink below the level of the keyboard deck. The key caps remain at least 0.1 mm above the chassis surface, providing you with a comfortable, ergonomic typing experience.

Enhance number key layout

Blitz through data-crunching tasks with the enhanced number key layout! This features hotkeys for the calculator, CE and +/- functions, along with increased spacing to match the full-size key pitch for more intuitive number entry.

Optimal click ratio: Engineered to perfection

The feel of a keyboard depends on the crucial ratio between the peak force (also known as the actuation force) and the contact force. Peak force occurs when you press down on the key and reach the maximum force that the key's underlying rubber dome can withstand without deflecting. Contact force occurs when the bottom of the key touches the circuit board to trigger an electronic signal,

which in turn generates the action appropriate to the key. To achieve the most natural feel for a

keyboard, ASUS keyboard experts have scientifically determined that the optimal ergonomic click ratio for a key is between 45-60%. These forces are precisely measured and tuned using the ASUS-designed rubber domes beneath the keys.

ASUS Antimicrobial Guard Plus

Inhibit 99% of COVID-19, flu virus & bacteria*

ASUS Antimicrobial Guard Plus is applied to frequently touched areas of your laptop to help keep it hygienic. This technology uses a denser treatment* that inhibits viruses and bacteria. And it is scientifically shown — using the ISO 2170210 and 2219611 standards — to inhibit virus and bacteria growth by more than 99% over a 24-hour period⁴. Strains used for the tests include the SARS-CoV-2 (COVID-19), H3N2 (Influenza A) and the E. coli bacterium¹².

* ISO 21702 tests for COVID-19, H3N2, H1N1 and ISO 22196 tests for Staphylococcus and E. coli.

* Treatments¹³ are approved by US FIFRA¹⁴ & EU BPR¹⁵.

ASUS Antimicrobial Guard Plus

Viruses and bacteria inhibition

Viruses and bacteria are everywhere in our daily life. Antimicrobial Guard Plus inhibits all viruses and bacteria with an envelope (the outermost layer of many types of viruses and bacteria) from the surface of the protected parts. ISO 21702 testing shows that it can inhibit the growth of SARS-CoV-2 (COVID-19), H1N1, H3N2 (Influenza A) and harmful bacteria.

SARS-CoV-2 virus (COVID-19)

Since 2020, COVID-19 has ravaged the globe. More than 580M people¹⁷ worldwide have been infected.

Influenza A (H3N2)

The influenza A and B viruses that routinely spread in people are responsible for seasonal flu epidemics each year¹⁸.

E. coli

Escherichia coli (abbreviated as E. coli) are bacteria found in the environment, foods. Although most strains of E. coli are harmless, others can make you sick¹⁹.

ASUS Antimicrobial Guard Plus

Silver ions prevents 99% reproduction

ASUS Antimicrobial Guard Plus is a surface coating²⁰ on the laptop²¹ that contains positively-charged silver ions. Silver ions and negatively-charged microbial cells are attracted to each other and then pierce the surface to damage their structure, inhibiting reproduction.

Without ASUS Antimicrobial Guard Plus, an estimated sample of 10,000 (pfu/ml) cells grew to 28,000 (pfu/ml). Performing the same test with Antimicrobial Guard Plus saw the count reduced to just 16 (pfu/ml) — a growth restriction of more than 99%.

User Experience

User friendly design

Unlock in one touch

Accessing your device has never been easier or more secure! With the built-in fingerprint sensor⁵ in the touchpad and Windows Hello, there's no need to type in your password every time — all you need is a single touch!

Physical webcam privacy shield

Vivobook 17 takes your privacy and security seriously. There's an integrated privacy shield that slides over the webcam for instant privacy, shielding you from prying eyes and disturbances.

Wide open for sharing

Vivobook 17 features a precision-engineered, lay-flat hinge that makes it easy to share content with others, or collaborate with a group of people around a table.

Connectivity

Perfect in every detail

Vivobook 17 keeps you fully connected with its comprehensive I/O ports. There are one USB-C® 3.2 Gen 1 port, two USB 3.2 Gen 1 Type-A ports, a USB 2.0 port, HDMI® output and an audio combo jack — so it's easy to connect all your existing peripherals, displays and projectors.

Military-grade

World's most strictly tested US military-grade laptop durability

ASUS laptops⁶ are engineered with extraordinary toughness meet the exacting US MIL-STD-810H

military-grade standard, undergoing 12 rigorous test methods and 26 punishing test procedures — exceeding industry standards. The upshot is a range of products that are renowned for reliability and durability. These factors also inherently benefit longevity and thus sustainability, so you can work, travel or relax with the confidence that your ASUS laptop is ready for the real world — today, and long into the future.

AI Noise Cancellation

Next-level AI noise-canceling audio technology

To provide exceptional remote-working and video-conferencing experiences, features ASUS AI Noise-Canceling Technology that employs machine learning in order to isolate unwanted noise from human speech. This technology helps to filter out ambient noise for optimum group conference-call quality. The ASUS AI Noise-Canceling Microphone feature in the MyASUS app can filter out ambient noise — so you'll hear what everyone else is saying.

Try the demo to experience the amazing difference that AI Noise-Canceling Technology can make in different environments.

Press play to experience ASUS AI Noise-Canceling Technology

Turn on your device audio to hear the difference.

Conference Call

Conference calls with more possibilities

Conference calls can be single-presenter or multi-presenter, gathered around a single laptop with voices coming from various directions. With the upgraded system enabled via the MyASUS app, it detects and optimizes audio from either one direction or from all directions — ensuring top conference call audio quality.

Single presenter conference call

Single-presenter conference call mode can filter out noise and other voices, and ensures only the voice in front of laptop can be heard. When you switch on the Target Speaker Tracking mode it can even target and track new talkers within a 180° arc, making the feature ideal for recording large groups as well as for individuals.

Multi-presenter conference call

Multi-presenter conference call mode filters out ambient noise whilst identifying multiple voices from
