Pagrindinės savybės

- ✓ Get your large rooms ready faster with no programming
- ✓ Flexes with your needs, with further add on cameras available
- ✓ Everything included in one kit including extension audio and video

Aprašymas

The simple all-in-one solution for larger meeting rooms

Multi-camera video and extension audio meet plug-and-play installation for an effortless, immersive large room meeting experience. Ideal for up to 22 people.

Why you'll love Jabra PanaCast Room Kit Multi

Super simple setup

USB and cable-based installation mean large rooms are ready in a fraction of the usual time, with no programming required.

Full room audio and visual coverage

Multiple cameras and room-filling extension audio capture every angle and every voice clearly.

Natural meeting experiences

AI-powered video tracks the conversation, while Picture-in-Picture shows the active speaker and the full room.

Easy device management

Manage all meeting rooms remotely and securely via Jabra Plus.

Flexes with your needs

Add cameras for a more immersive experience or for awkward room layouts.

Secure by design

Built on Microsoft Device Ecosystem Platform (MDEP) for enterprise-grade security and future-ready performance.
