Pagrindinės savybės

- ✓ Get your large rooms ready faster with no programming
- ✓ Expansion audio extends coverage to the back of the room
- ✓ Everything included in one kit including extension audio and video

Aprašymas

All-in-one video solution for complete large-room coverage

All-in-one video with extension audio for an effortless, high-quality large room meeting experience. Ideal for up to 16 people.

Why you'll love Jabra PanaCast Room Kit

Super simple setup

Plug-and-play installation means large rooms are ready fast, with no programming required.

All-in-one large room solution

Includes PanaCast 55 VBS, PanaCast SpeakerMic, and Jabra Cam L1 for a complete audio and video solution.

Full room audio and visual coverage

High-quality video and room-filling audio ensure everyone can be seen and heard clearly, even at the back of the room.

More natural meeting experiences

AI-powered video tracks individual speakers, while Picture-in-Picture keeps both the active speaker and the full room in view

Easy device management

Manage devices remotely and keep them up to date via Jabra Plus.

Secure by design

Built on Microsoft Device Ecosystem Platform (MDEP) for secure, future-ready performance.
