Aprašymas

LogiLink's snap-in type Patch Panels fits in all standard 19" racks or enclosures and includes built-in rear cable management (support bar) to enable you to efficiently organize the bulk cables. This High Density 48-port patch panel is suitable only for slim-type keystone jacks like KJ28F10, KJ28F11 or NK4004. Pre-numbered ports and write-on areas make it easy to keep track and identify runs to stay organized. The added support bar ensures high level of stability and organization.
