Pagrindinės savybės

- ✓ Blanking cover for 19" rack-mounting
- ✓ For 1 height unit

Aprašymas

The sturdy flat spacer blank panels fill up the gaps in order to give a fuller look. But much more important, each added blank panel helps to increase the stability of the rack. Some racks can experience more than twice the strength and ruggedness by simply installing our metal blank panels at regular intervals. At least, mounting the blank panels could promote better circulation of airflow around the server equipment.
