Aprašymas

LogiLink's 19" Fiber Enclosure offers a simple economic solution for the basic cabling requirements of local area networks. The sliding type housing can be equipped with industry common fiber adapters in different fibre categories and provides room for up to 48 fibres (24 ports) like LC Duplex or SC Simplex connectivity. The solid housing is suitable for direct field-termination as well as fusion splicing with pigtails. Various cable entries in the back of the housing can accommodate cable glands and has an easy to remove cover. The modular housing enables a simple exchange of different front panels and suitable adapter modules. For highest flexibility, the 19" fibre optic enclosure comes without front panel, adapters, pigtails, etc.
