Pagrindinės savybės

- ✓ With black/white textile cable
- ✓ With handy hinged handle
- ✓ Flat connector fits perfectly behind all furniture
- ✓ IP20 for protection against contact with fingers or similar objects

Aprašymas

Your normal power cable isn't long enough? Then try using LogiLink's extension cable and in no time you'll have enough room to plug in your equipment. Due to its cable length of 3m it provides the necessary flexibility when positioning your devices. The LPS104 features an angled safety plug and a straight safety socket with safety shutter. The textile cable is a real eye-catcher, matching the article LPS261.
