Aprašymas

Elegance and functionality come together in the ProLite TE7515A-B2AG. This 75" 4K UHD panel not only delivers precision and performance, but also brings a premium look to modern classrooms and collaborative business environments. With its button-free front panel (only a discreet power button), integrated pen holders, and a stylish fabric-covered bottom bezel that subtly houses high-quality front-facing speakers, the TE7515A elevates the visual experience of any room. It's more than a tool—it's part of your space. Coupled with DeepContrast-IR++ technology and Palm Rejection, it offers fluid and natural writing on the Optical Bonding LCD, eliminating parallax for an intuitive feel. Powered by iiWare 21E with Android 14 (EDLA Certified), the display integrates effortlessly into Google environments. Features like WiFi 6E, BT 5.0 and PIR motion sensor add a layer of connectivity, energy efficiency, and access control. With iiControl (DMS), iiShare and integrated EShare app (wireless screen sharing), the TE7515A promotes seamless teamwork—whether you're presenting, teaching, or brainstorming. The TE7515A-B2AG isn't just an interactive display—it's a centerpiece for connection, creativity, and collaboration, all wrapped in a refined, modern design.
