65.99€

DarkFlash B275 PRO computer case (black) + 6 fans

DarkFlash B275 PRO is a functional computer case that draws attention to its interior at first glance. The cornerless design provides a full 270° view of the components, and the six fans included in the set provide a ready-to-use and efficient cooling system as standard. While maintaining compact dimensions (354 x 275 x 425 mm), this model offers space for graphics cards up to 410 mm in length, CPU cooling up to 160 mm in height, and two SSDs or one HDD. So you can easily create exactly the configuration you want!

Take care of the design of your equipment - 270° panoramic design

The case is equipped with glass panels that provide a panoramic view of the interior. The lack of a vertical corner profile eliminates visual divisions, making all components clearly visible from the

front and side. This solution works particularly well in gaming and streaming sets, among others – it allows you to showcase water cooling with a display or illuminated RGB fans in an interesting way.

Solid construction and modular design

The body of the case is made of 0.5 mm thick SPCC steel, which ensures adequate rigidity and stability of the entire structure. The B275 PRO model also stands out for its modular design, which facilitates the installation of components, providing convenient access to the interior when assembling or upgrading the set. In addition, there are dust filters at the top and bottom that reduce the amount of dust entering the computer and help keep the components in good condition.

Efficient cooling and heat dissipation system

The DarkFlash B275 PRO allows for the installation of up to nine 120 mm fans or 240/280/360 mm water cooling. In addition, the case offers numerous ventilation openings. This layout promotes efficient airflow throughout the interior, which translates into effective heat dissipation from the most important components.

Configuration for special tasks

The interior of the case has been designed with modern components in mind. The DarkFlash B275 PRO allows for the installation of graphics cards up to 410 mm in length and CPU coolers up to 160 mm in height, giving you a lot of freedom in choosing components. You also have five expansion card slots and space for an HDD or two SSDs. So you can ensure you have enough space for your files.

Connectors on the top panel

On the top panel of the case, you will find a USB-A 3.0 port, two USB-A 2.0 ports, and an HD audio connector. The whole thing is complemented by power and reset buttons. All this provides convenient access to the most important functions of the computer – you can freely connect peripherals, transfer files, use headphones, charge devices, and more.

Manufacturer	DarkFlash
Model	B275 PRO
Case type	Mini tower
Side panel	Tempered glass
Motherboard standard	M-ATX / ITX
Power supply standard	ATX
Internal drive bays	3.5" HDD x1 / 2.5" SSD x2
Expansion card slots	5
Max power supply length	230 mm
Max graphics card length	410 mm
Max CPU cooler height	160 mm
Max number of fans	9
Fan mounting options	Top: 120 mm x3 / 140 mm x2
	Side: 120 mm x2
	Rear: 120 mm x1
	Bottom: 120 mm x3
Water cooling mounting options	Top: 240 / 280 / 360 mm
	Side: 240 mm
	Bottom: 240 / 360 mm
Number of installed fans	6
Fan type	120 mm
Buttons and controls	Power, Reset
Connectors	USB-A 3.0 x1, USB-A 2.0 x2, HD Audio
Material	0.5 mm SPCC
Color	Black
Height	354 mm
Width	275 mm
Depth	425 mm
Weight	Approx. 4.7 kg
